Publication of Prices and Notices to Shareholders

Notices are sent to registered shareholders and (when legally required) published in such newspapers as decided by the Directors and in the *Recueil des Sociétés et Associations* in Luxembourg. The previous Dealing Day's prices for shares may be obtained during business hours from the local Investor Service Centre and are also available from the BlackRock website. They will also be published in such countries as required under applicable law and at the discretion of the Directors in a number of newspapers worldwide. The Company cannot accept any responsibility for error or delay in the publication or non-publication of prices. Historic dealing prices for all shares are available from the Administrator or local Investor Services Centre.

General Information continued

Purchases and Sales

A detailed list of investments purchased and sold for any Fund during the year is available upon request, free of charge, from the Registered office as mentioned on page 2, or the offices of the Representatives as mentioned on page 3.

Disclosure Policy

Details of month end holdings and valuations for all BlackRock Global Funds will be made available upon request from the Investor Services Centre to any BlackRock Global Funds shareholder no earlier than 10 business days after a given month end. BlackRock Global Funds reserves the right to require shareholders to sign an appropriate non-disclosure document prior to providing such information.

For German investors:

The Prospectus, the Key Investor Information Documents and a full statement of portfolio changes are available, free of charge, from the German Paying Agent.

Please note that no notification for the distribution of shares according to section 310 of the German Capital Investment Code (Kapitalanlagegesetzbuch) has been made for the following Sub-Fund: Asian Multi-Asset Growth Fund. Therefore, shares of this Sub-Fund may not be distributed in the Federal Republic of Germany.

Chairman's Letter to Shareholders

1 September 2017 to 31 August 2018

Dear Shareholder,

I am writing to update you on the activities of BlackRock Global Funds ("BGF") over the twelve months to 31 August 2018. The BGF range comprised 78 funds (each a "Fund", together the "Funds") as at 31 August 2018.

The Funds' performance is covered in more detail in the separate Investment Adviser's Report in which you will see that equity and bond markets both saw higher volatility for much of 2018, as investors grew increasingly nervous on the outcome of a potential trade war between China and the US, plus rising interest rates and some political uncertainty.

Nevertheless, after a shaky start, the global economy continued to improve over the period, albeit with greater separation between the US and elsewhere. Towards the end of 2017, the International Monetary Fund ("IMF") upgraded its forecasts for global growth to 3.9% in 2018 and 2019, a rise of 0.2% on its previous forecasts. It maintained these forecasts through 2018.

Europe saw growth expand by just 0.4% in the first quarter, well below the pace it had set in 2017. This put it well behind a resurgent US economy - which registered 4.2% growth in the second quarter - but still ahead of the UK, which registered its weakest growth since 2012. The UK recovered somewhat in the quarter to June, as better weather and pent-up demand saw numbers improve.

Crucial to US strength was tax reform. The IMF said that President Donald Trump's tax cuts, announced towards the end of 2017 and his biggest legislative victory to date, would stimulate growth. Concerns that it would prove inflationary have not materialised to date. Nevertheless, there are more recent signs that the US is experiencing some pain from its trade war with China.

The US markets continued to lead global stock markets for much of the period under review, buoyed by the country's economic strength and the relative weakness elsewhere. However, a number of the large technology stocks that had led markets higher for much of 2017 started to wobble. Concerns over governance and privacy hit share prices and some reported weaker earnings.

Populism continued to be a major force in Europe, even after Emmanuel Macron's victory in France and the defeat of his populist rival. In March 2018, the Italian election brought populist parties to power, albeit without a common agenda, while the German Chancellor Angela Merkel struggled to keep her coalition together.

The region could not continue the economic momentum of late 2017, hit by unusually poor weather at the start of the year. However, gross domestic product ("GDP") growth had picked up in the summer months albeit at a slower pace. European stock markets did not reflect this strength, lagging other areas.

Japan was weaker, and only narrowly sidestepped recession. It grew at an annualised rate of 1.9% in the second quarter, boosted by retail spending, but the economy had contracted at the start of the year. This weakness had ended the country's longest streak of growth since its boom in the late 1980s and may suggest that fiscal and monetary stimulus is losing its impact. Nevertheless, the Bank of Japan remains committed to loose monetary policy with Governor Haruhiko Kuroda saying easy monetary conditions would be 'stable and sustained' and the Bank would continue with its policy until the 'necessary time'.

Emerging markets saw a number of idiosyncratic problems over the period. A higher US Dollar hurt those countries with higher current account deficit, notably Argentina and Turkey. At the same time, Asian markets were hurt by the prospect of trade tariffs from the US, while Brazil was weakened by political instability. However, beneath the noise, the economic growth across many emerging markets was strong. This was reflected in the share prices for emerging companies, which were weak.

After initially being slow to respond to rising rates, yields in developed market government bonds began to respond to rising rates. By January, yields on the 10-year US treasury bond had edged closer to 3%, a sharp move from the 2% lows seen six months previously. It has remained stable since then. In the meantime, corporate credit was relatively weak as investors started to fear debt levels in the US corporates.

Regulatory change continued throughout Europe and a number of these future changes could have implications for investors. Key changes included:

- ▶ Revisions to the Markets in Financial Instruments Directive II ("MiFID II") and the new Markets in Financial Instruments Regulation ("MiFIR") came into effect at the beginning of 2018. Requirements introduced include restrictions on how financial advisers may be remunerated and greater transparency on how asset managers pay for research.

The information stated in this report is historical and not necessarily indicative of future performance.

Chairman's Letter to Shareholders

1 September 2017 to 31 August 2018 continued

- ▶ Packaged Retail Investment and Insurance-based Investment Products ("PRIIPs"): The European Commission published guidelines on 7 July 2017 on key information documents for packaged retail and insurance-based investment products. The new legislation – which governs the marketing and distribution of financial products – came into effect for all funds, with the exception of UCITS funds, at the start of 2018. The Company will benefit from the transitional period available for a UCITS, and the legislation will not be applicable to the Company for periods prior to 1 January 2020.
- ▶ The Benchmarks Regulation applies from 1 January 2018, subject to certain transitional provisions. This brings in guidance on the structure and use of benchmarks in measuring the performance of investment funds.

The assets under management ("AUM") in the BGF range increased from US\$144.12 billion to US\$145.80 billion over the period, as strong inflows into the group's specialist funds were offset by weakness in some of the European and high yield bond funds.

Specialist funds performed well as investors sought out long-term growth. The World Technology Fund saw growth of 290% to US\$1.52 billion. The World Financials Fund and Natural Resources Growth & Income Fund also saw strong demand.

Elsewhere, it was an eclectic mix of funds that drew assets over the period. The US Flexible Equity Fund proved popular, up 57% to US\$1.27 billion over the period. At the same time, a number of specialist fixed income funds did well. Assets in the China Bond Fund rose 47% to CNH 650 million. The Fixed Income Global Opportunities Fund saw a 28% increase in assets to US\$11.83 billion, while the Emerging Markets Corporate Bond Fund also saw assets rise.

Investors tended to favour flexibility in an increasingly uncertain climate. Assets in the Global Multi-Asset Income Fund rose 18% to US\$8.69 billion, while the Flexible Multi-Asset Fund saw 24% growth.

There was some repositioning among the European funds, as investors choose more flexible exposure. The European Focus Fund and European Fund lost 39% and 36% of their assets respectively, while the Continental European Flexible Fund gained 33%.

There were a number of notable weak spots. The Latin American Fund and Emerging Europe Fund saw assets falls 21% and 20% respectively as investors withdrew capital from emerging markets. The World Mining Fund also saw assets fall 18% to US\$5.28 billion as investors took profits after a strong run. 'Value' areas also proved vulnerable. The European Value Fund, for example, saw assets fall 28% to EUR 2.01 billion.

A number of new funds were launched during the year. The Asian High Yield Bond Fund launched on 1 December 2017. The China A-Share Opportunities Fund launched on 26 October 2017 to offer specialist investment in the expanding onshore market in China. The China Flexible Equity Fund launched on 31 October 2017, giving selective access to Chinese equities. The Dynamic High Income Fund launched on 6 February 2018. Managed by BlackRock's multi-asset team, it seeks to deliver consistent, high income and attractive total return through asset classes complementary to traditional income investments, such as global REITs, preferred stocks and floating rate loans. The Global Bond Income Fund launched on 16 July 2018.

We also launched a suite of Emerging Market Debt ("EMD") funds that integrate environmental, social and governance factors ("ESG"). The ESG Emerging Markets Blended Bond Fund, the ESG Emerging Markets Bond Fund, the ESG Emerging Markets Corporate Bond Fund and the ESG Emerging Markets Local Currency Bond Fund launched on 9 July 2018. The Funds recognise that these issues are increasingly important for investors and provide exposure to debt securities issued by government, public local authorities or corporates in emerging market countries, but with a 'sustainability' screen.

Should you have any questions on any of this material, please contact us via our website: www.blackrockinternational.com or via email: investor.services@blackrock.com.

Yours faithfully,

Paul Freeman
Chairman

September 2018

Investment Adviser's Report

Performance overview

1 September 2017 to 31 August 2018

Market Review

From the start of 2018, markets showed themselves to be less inclined to shrug off bad news. Instead, they have grown increasingly concerned about some of the key global risks: the potential fall-out from a global trade war between the US and China, rising rates and the end of economic cycle. The early catalyst for volatility was US wage data, which prompted a sell-off in markets as investors feared higher inflation and therefore interest rates, but markets have been in a state of nervous tension since.

This has left most markets under water for the year to date, although there has been significant disparity between the performance of individual countries, sectors and companies. In general, investors favoured areas delivering clear growth – technology, the US. Other defensive areas, such as healthcare performed well, while cyclicals – such as financials and particularly high street retail were weak. The 'bond proxies' that had found favour in a weaker growth environment began to lose favour as the prospect of interest rates rose.

The bond markets started to respond to the changing climate some time before equity markets, and government bond yields rose sharply at the start of the year and have remained higher through two US interest rate rises since the start of the year. It was a difficult year for corporate bonds with absolute yields relatively low and concerns over the level of US corporate debt. That said, economic growth remains strong, which means default rates look unlikely to spike higher in the short-term. This is keeping spreads in check.

A notable phenomenon was the flattening of the US yield curve with the yield gap between 2 and 10 year treasuries narrowing. This has historically been a precursor to recession, but only when the yield curve actually inverts. For the time being, economic data remains robust, though some fear over-heating in the US.

In both equity and bond markets, 2018 marked a return to more normal levels of volatility. This seems inevitable given the shift in economic climate, from one of monetary easing, to one where liquidity will be less abundant.

Fund Performance

Performance data stated is for the main (A) share class of the relevant Fund, stated in the base currency of the Fund, net of fees and expenses.

Equity Fund Performance

Global equities were mixed over the period with the US notably stronger than elsewhere. The Global Equity Income Fund rose 2.86%, behind its benchmark, the MSCI All Country World Net TR Index, which rose by 11.41%. The more growth-focused Global Opportunities Fund rose 15.36%, ahead of its benchmark, also the MSCI All Country World Net TR. The Global Dynamic Equity Fund gained 8.67%, behind its reference benchmark, which rose by 13.31% (the benchmark comprises 60% S&P 500 Index/40% FTSE World (ex US) Index).

Shares of small and medium sized companies were relatively strong across the full year, as investors saw them as natural beneficiaries of a stronger economic climate. The Global SmallCap Fund rose 11.64%, behind its benchmark, the MSCI All Country World Small Cap Index, which rose 14.31%.

Of the individual country funds, the Japan Small & MidCap Opportunities Fund continued its recent strength, rising 14.27%, ahead of the S&P Japan Mid Small Cap Index, which rose 8.17%. The Swiss Small & MidCap Opportunities Fund registered a gain of 14.64%, just ahead of its benchmark, the Switzerland SPI Extra Index, which rose 12.18%. The US Small & MidCap Opportunities Fund rose by 15.20%, underperforming the S&P US Mid Small Cap Index, which was up by 20.36%.

European equities were relatively lacklustre in the second half of the year, as growth momentum faded and political risk reignited. The Continental European Flexible Fund rose by 9.61%, ahead of its benchmark the FTSE World Europe ex UK Index, which rose by 4.53%. The European Value Fund struggled as value investing remained out of favour. It dropped 2.62% compared to a rise of 1.43% in the MSCI Europe Value Index. The European Equity Income Fund rose by 0.48%. This was significantly behind the MSCI Europe Index, its benchmark, which rose 4.86%. The European Focus Fund was up 1.18% while the European Special Situations Fund rose by 7.02%. Both are benchmarked to the MSCI Europe Index, which rose 4.86%.

Funds with a focus on US equities sustained their strength through the year. The US Growth Fund produced a positive return of 28.53%, ahead of the Russell 1000 Growth Index, which was up 27.23%. The US Basic Value Fund rose by 14.55% outperforming the Russell 1000 Value Index, which was up by 12.47% over the period.

Japanese funds continued to do well over the period as the economy improved. The Japan Flexible Equity Fund rose 6.40%, behind the MSCI Japan Index, which rose 9.87%.

Performance across emerging markets funds weakened considerably in the second half of the year under review. The Asian Growth Leaders Fund dropped 6.23% significantly behind its benchmark, the MSCI All Country Asia ex Japan Index, which rose 2.76%. The Asian Dragon Fund dropped 1.05% (against the same benchmark).

The India Fund rose 2.59%, significantly behind its MSCI India Index benchmark, which rose 7.12%. The Emerging Markets Fund, which has a more broad exposure across the emerging markets investment universe, dropped by 0.50%, in line with its benchmark, the MSCI Emerging Markets Index. The Emerging Markets Equity Income Fund, which shares the same benchmark, was down 2.05%. The Latin American Fund dropped 13.02%, behind its benchmark, the MSCI Emerging Markets Latin America Index, which fell 11.80%. The Emerging Europe Fund dropped 7.91%, behind its

The information stated in this report is historical and not necessarily indicative of future performance.

Investment Adviser's Report

Performance overview

1 September 2017 to 31 August 2018 continued

benchmark, the MSCI Emerging Markets Europe 10/40 Index, which dropped 6.51% over the period.

In natural resources, the World Energy Fund benefited from the wider recovery in the resources sector, rising 24.15%, ahead of its benchmark, the MSCI World Energy Index 10/40 Index (Net) (USD), which was up 21.92% over the period. In contrast, the World Mining Fund dropped 7.17% just outperforming its benchmark, the Euromoney Global Mining Constrained Weights Net Total Return Index, which fell by 7.53%. The World Agriculture Fund rose by 7.11% just behind its benchmark, the DAX Global Agribusiness Index, which was up by 9.20%. The World Gold Fund was hit by the weakness in the gold price, falling 27.54%, in line with its benchmark, the FTSE Gold Mines Index.

Mixed Asset Fund Performance

The diversified Global Allocation Fund – which invests in a mixture of equities, fixed income and cash securities – gained 2.71% behind its reference benchmark, which rose by 7.02% (the benchmark comprises 36% S&P 500 Index, 24% FTSE World Index (Ex-US), 24% 5Yr US Treasury Note, 16% Citigroup Non-US Dollar World Government Bond Index).

The Flexible Multi-Asset Fund, rose by 6.82%, in line with its reference benchmark, 50% MSCI World Index, 50% Citigroup World Government Bond Euro Hedged Index. The Fund invests in an actively-managed portfolio of global equities and bonds, with some tactical exposure to alternative assets and specialist markets.

The Global Multi-Asset Income Fund rose by 1.69% over the period. The Fund combines the ability to allocate actively across a full range of asset classes and geographies at a top-down level with a focus on adding value through bottom-up security selection by specialist teams in each key asset class.

Fixed Income Fund Performance

In fixed income, there was considerably more volatility in the period under review. The Global Government Bond Fund fell 1.22%, marginally behind its benchmark, the Citigroup World Government Bond USD Hedged Index, which rose 0.77%. The Euro Corporate Bond Fund rose 0.49%, compared to a rise of 0.14% for its benchmark, the BofA Merrill Lynch Euro Corporate Index. The Global Corporate Bond Fund fell 1.18%, compared to a rise of 0.15% for its benchmark, the Bloomberg Barclays Global Aggregate Corporate Bond USD Hedged Index.

The Euro Bond Fund fell 0.31%, while its benchmark, the Bloomberg Barclays Euro-Aggregate 500mm+ Bond Index, remained flat. The Euro Short Duration Bond Fund fell 0.94%, against a drop in the Bloomberg Barclays Eur Aggregate 500mm 1-3 yr Index of 0.53%.

The Global High Yield Bond Fund rose 2.17%, marginally ahead of its benchmark, the BofA Merrill Lynch Global High Yield Constrained USD Hedged Index. The Emerging Markets

Local Currency Bond Fund fell 15.93% over the period as emerging market currencies sold off. This was behind its benchmark, the JP Morgan GBI-EM Global Diversified Index, which dropped 10.05%. The broader Emerging Markets Bond Fund dipped 5.46%, behind its benchmark, the JP Morgan EMBI Global Diversified Index, which fell 3.37%.

Asian bonds did not fall as hard as other emerging market bonds with the Asian Tiger Bond Fund down 2.74% against a fall of 0.90% for its benchmark, the JP Morgan Asian Credit Index.

The Fixed Income Global Opportunities Fund delivered a positive absolute return of 0.65%. The Fund has no benchmark.

Outlook

Markets are entering a new phase. While 2017 was characterised by a lack of volatility, stable growth and lower interest rates, 2018 has seen markets become far more sensitive. Partly, this is the withdrawal of the monetary support mechanisms that have pushed markets higher in recent years, but global political instability and a potential trade war between the US and China is also exerting pressure. Nevertheless, global growth continues to offer some counter-balance.

The question is how long this will last. There are fears that the US is nearing the end of the cycle. Quantitative easing ("QE") inflated asset values and compressed market volatility. As such, its withdrawal should drain liquidity from the financial system and put pressure on risk assets. For the time being, this has only been seen at the margin – greater volatility in bond markets, weakness in emerging economies – but the global economy is increasingly uncertain.

That said, the impact of higher rates should not be exaggerated. The Federal Reserve has moved slowly, which has limited the impact. At the same time, it is not only low interest rates that have inflated stock markets since the Credit Crisis, there have been other factors at work. Rates are still low around the world. The Eurozone is paring back its QE programme, but interest rates are likely to remain at their current level until 2019. Japan is showing no signs of pulling back from its current policy as its policymakers try to reverse entrenched deflation.

Most importantly, rising interest rates must be set against a backdrop of improving economic growth. The reason rates are rising in the US is improving GDP data, 4.2% in the second quarter of 2018. Investors may fear overheating in the US, but there are few signs of inflation hitting worrying levels.

That said, there are certainly areas being left behind and key risks emerging. Europe is not expanding at its previous pace, but the situation in Italy may raise the risk of European fragmentation. Trade tariffs are hurting a number of Asian markets and this could accelerate into economically critical industries. China's economy appears to be steady, in spite

Investment Adviser's Report

Performance overview

1 September 2017 to 31 August 2018 continued

of new tariffs, but here too there are risks as policymakers aim to deleverage vulnerable parts of the economy. The UK will remain vulnerable to Brexit related tension, and this is increasingly reflected in asset prices.

We believe this more volatile environment should prompt a change of emphasis in portfolios. Investors are likely to need greater resilience against shocks. There are no immediate causes for concern in markets but caution is warranted. We are moving our portfolios into higher quality companies, both on the equity and bond side, and are increasing diversification, incorporating a wider range of assets as the potential outcomes for different asset classes become less predictable.

Building resilience in portfolios also means looking at those companies that are sustainable over the long-term. That means analysing the environmental and social footprint of a company, as well as the way it is governed. Companies need to be run for the long-term and we want to align ourselves with companies acting in the right way to ensure the viability of their businesses for decades ahead.

September 2018

Disclosed in the table below are the performance returns for the A Class Non-Distributing Share Class for each Fund, net of fees and expenses, which has been selected as a representative Share Class. Performance returns for any other Share Class can be made available on request.

Calculation methodology is based on industry standards.

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of an investment and the income from it will vary and the initial investment amount cannot be guaranteed. The Fund invests a large portion of assets which are denominated in currencies other than US dollar; hence changes in the relevant exchange rate will affect the value of the investment. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of shares. Levels and bases of taxation may change from time to time. Subscriptions may be made only on the basis of the current Prospectus, of which the most recent annual report and audited accounts and interim report and unaudited accounts form an integral part, as well as Key Investor Information Documents (KIIDs). Copies are available from Investor Services, the Transfer Agent, the Management Company or any of the Representatives or Distributors. The BGF range is only available for investment by non-US persons. It is not offered for sale or sold in the US, its territories or possessions.

The Funds are not registered for sale to the public in all jurisdictions. Further details on distribution of shares of the Funds are included in the Authorised Status on page 3.

Fund Performance & Benchmark Information

Unless otherwise stated, performance is shown on a NAV price basis with income reinvested. Fund performance figures are calculated net of annual fees and expenses. All fund and index information is recorded in its base currency and is converted into the appropriate currency.

Changes in the composition or the name of a benchmark or a Fund prior to 1 January 2015 have not been disclosed.

The information stated in this report is historical and not necessarily indicative of future performance.

Directors' Report

Corporate Governance Statement

Introduction

BlackRock Global Funds (the "Company") is a public limited company (*société anonyme*) established under the laws of the Grand Duchy of Luxembourg as an open ended variable capital investment company (*société d'investissement à capital variable*). The Company has been authorised by the Commission de Surveillance du Secteur Financier (the "CSSF") as an undertaking for collective investment in transferable securities ("UCITS") pursuant to the provisions of Part I of the law of 17 December 2010, as amended from time to time and is regulated pursuant to such law. The Company complies with the principles set out in the Association of the Luxembourg Fund Industry ("ALFI") Code of Conduct Revision 2013 (the "Code") issued by ALFI in June 2013.

The Board of Directors of the Company (the "Board") is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Company's affairs. The Board has considered the principles and recommendations of the Code and has put in place a framework for corporate governance which it believes is appropriate for adherence to the principles of the Code given the nature of its structure as an Investment Company. This statement summarises the corporate governance structure and processes in place for the Company for the period under review from 1 September 2017 to 31 August 2018.

Board Composition

The Board currently consists of seven non-executive Directors, (including two independent Directors). The Board is committed to maintaining an appropriate balance of skills, experience, independence and knowledge amongst its members.

The Directors' biographies, on pages 17 and 18, collectively demonstrate a breadth of investment knowledge and experience, business and financial skills and legal and regulatory familiarity which enables them to provide effective strategic leadership, oversight and proper governance of the Company. BlackRock considers the current compositions to be a suitable and appropriate balance for the Board.

Article 13 of the Company's Articles of Incorporation, in accordance with Luxembourg law, provides that Directors shall be elected by the shareholders at their annual general meeting for a period ending at the next annual general meeting and until their successors are elected. Any Director who resigns his/her position is obliged to confirm to the Board and the CSSF that the resignation is not connected with any issues with or claims against the Company.

The Board supports a planned and progressive renewal of the Board. BlackRock is committed to ensuring that Directors put forward for election by the shareholders possess the skills needed to maintain this balance. The Board is committed to carrying out an annual review of its performance and activities.

The Directors have a continuing obligation to ensure they have sufficient time to discharge their duties. The details of each

Director's (including the Chairman), other appointments and commitments are made available to the Board and BlackRock Investment Management (U.K.) Limited ("BIM UK") for inspection. All new appointments or significant commitments require the prior approval of BIM UK.

Before a new Director is proposed to the shareholders for appointment he or she will receive a full induction incorporating relevant information regarding the Company and his or her duties and responsibilities as a Director. In addition, a new Director is required to spend some time with representatives of BIM UK so that the new Director will become familiar with the various processes which are considered necessary for the proper performance of his or her duties and responsibilities to the Company.

The Company's policy is to encourage Directors to keep up to date with developments relevant to the Company. The Directors have attended and will continue to attend updates and briefings run by BIM UK and affiliated entities in the U.S. and elsewhere. The Directors also receive regular briefings from, amongst others, the auditors, investment strategists, risk specialists, depositary and legal advisers regarding any proposed product developments or changes in laws or regulations that could affect the Company.

Board's Responsibilities

The Board meets at least quarterly and also on an ad hoc basis as required. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties. The Board is responsible for the long-term success of the Company and recognises its responsibility to provide leadership, direction and control to the Company within a framework of prudent and effective controls which enables risk to be assessed and managed. The Board reserves to itself decisions relating to the determination of investment policy and objectives, any change in investment strategy and entering into any material contracts. The Board also approves the prospectus and any addenda to it, circulars to shareholders, financial statements and other relevant legal documentation.

The Chairman's main responsibility is to lead and manage the Board, encourage critical discussions and promote effective communication within the Board. In addition, he is responsible for promoting best practice corporate governance and effective communication with shareholders.

The Directors have access to the advice and services of external counsel and the resources of BIM UK and BlackRock (Luxembourg) S.A. (the "Management Company") should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice. The Board has responsibility for ensuring that the Company keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and which enable it to ensure that the financial statements comply with relevant accounting standards. It is the Board's responsibility to present a balanced and understandable assessment of the Company's financial position, which extends to interim financial statements and other reports made available to shareholders and the

Directors' Report continued

public. The Board is responsible for taking reasonable steps for safeguarding the assets of the Company and for taking reasonable steps in the prevention and detection of fraud and other irregularities.

Insurance

The Company maintains appropriate Directors' and Officers' liability insurance cover.

Delegation of Responsibilities

As an open ended variable capital investment company most of the Company's day-to-day management and administration is delegated to BlackRock group companies such as the Management Company which employs dedicated compliance and risk professionals, the Investment Advisers and other third party service providers. The Board has delegated the following areas of responsibility:

Management and Administration

The Board has delegated the investment management, distribution and administration of the Company and its Funds to the Management Company. The Management Company has delegated the management of the investment portfolio to the Investment Advisers. The Investment Advisers operate under guidelines determined by the Board and as detailed in the Company's prospectus relating to the Company's Funds. The relevant Investment Advisers have direct responsibility for the decisions relating to the day-to-day running of the Company's Funds and are accountable to both the Management Company and the Company for the investment performance of the Funds. The Board has also delegated the exercise of voting rights attaching to the securities held in the portfolio to the respective Investment Advisers who may in turn delegate to BIM UK. Voting on behalf of shareholders is done in a manner which is believed to be in the best economic interest of shareholders as long-term investors.

The Management Company has delegated its role as Fund Accountant of the Company and its Funds to The Bank of New York Mellon (International) Limited. The Fund Accountant has the responsibility for the administration of the Company's affairs including the calculation of the net asset value and preparation of the accounts of the Company, subject to the overall supervision of the Board and the Management Company. The Fund Accountant is a subsidiary of The Bank of New York Mellon Corporation. The Company has appointed The Bank of New York Mellon (International) Limited as Depositary of its assets, which has responsibility for safe-keeping of such assets, pursuant to the regulations. The Depositary is a subsidiary of The Bank of New York Mellon Corporation. The Management Company has delegated transfer agent and share registration services to J.P. Morgan Bank Luxembourg S.A.

The Management Company reports to the Board on a quarterly basis and by exception where necessary. Reporting is in place to ensure that the Board can effectively oversee the actions of its delegates.

The Management Company is responsible for the risk management and internal controls of the Company and for reviewing their effectiveness, for ensuring that financial

information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Company. The Management Company reviews the effectiveness of the internal control and risk management systems on an ongoing basis to identify, evaluate and manage the Company's significant risks. As part of that process, there are procedures designed to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings.

The Board is also responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives. The Company has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. These procedures include appointing the Fund Accountant to maintain the accounting records of the Company independently of the Investment Manager and the Depositary. The financial statements are prepared in accordance with applicable law and Generally Accepted Accounting Principles ("GAAP") and are approved by the Board of Directors of the Company. The accounting information given in the annual report is required to be audited and the Audit Report, including any qualifications, is reproduced in full in the annual report of the Company.

The control processes over the risks identified, covering financial, operational, compliance and risk management, is embedded in the operations of the Management Company, BIM UK and other parties including the Fund Accountant and the Depositary. There is a monitoring and reporting process to review these controls, which has been in place throughout the period under review and up to the date of this report, carried out by BIM UK's corporate audit department.

BIM UK's internal audit and operational risk units report to the Board through the Management Company on a quarterly basis. The Management Company also receives a report from the Fund Accountant and the Depositary on the internal controls of the administrative and custodial operations of the Company. The Board recognises that these control systems can only be designed to manage rather than eliminate the risk of failure to achieve fund objectives, and to provide reasonable, but not absolute, assurance against material misstatement or loss, and relies on the operating controls established by the service providers.

Financial Reporting

The Company prepares its financial statements under Luxembourg GAAP and on a going concern basis.

Remuneration

The Company is an investment company and has no employees or executive Directors. No Director (past or present) has any entitlement to a pension from the Company, and the Company has not awarded any share options or long-term performance incentives. No element of Directors' remuneration is performance-related. Those Directors who are also employees

Directors' Report continued

of the BlackRock group are not entitled to receive a Director's fee. All other Directors are paid fees which are submitted for approval by the shareholders at the annual general meeting and are disclosed on page 694. The Board believes that the level of remuneration for those Directors who take a fee properly reflects the time commitment and responsibilities of their roles. The maximum amount of remuneration payable to the Directors is approved by the Board.

Communication with Shareholders

The Board is responsible for convening the annual general meeting and all other general meetings of the Company. Shareholders have the opportunity to, and are encouraged to attend and vote at general meetings. Notice of general meetings is issued in accordance with the Articles of Incorporation of the Company and notice of the annual general meeting is sent out at least 8 days in advance of the meeting. All substantive matters put before a general meeting are dealt with by way of separate resolution. Proxy voting figures are noted by the chairman of the general meeting.

The proceedings of general meetings are governed by Luxembourg company law and the Articles of Incorporation of the Company.

The Board has reporting procedures in place such that client communication with BIM UK is reported to the Board, including shareholder complaints. BIM UK has been appointed Principal Distributor and is tasked with actively managing the relationship between the Company and its shareholders.

Audit tender

During 2017, the Board engaged in a formal tender process for the external audit of the Company's financial statements. The recommendation of the Board, following the conclusion of this tender process, is that EY be appointed as auditors of the Company in place of the existing auditors, PricewaterhouseCoopers. Shareholders are being asked to consider and if thought fit approve the appointment of EY as the Company's auditors at the AGM.

Directors' Biographies

Paul Freeman (Chairman) (British): Mr Freeman currently serves as a director on the boards of a number of BlackRock Group companies and investment funds. He was until December 2015 a Managing Director of BlackRock, which he had joined in August 2005 (which then was Merrill Lynch Investment Managers). Up until July 2011 Mr Freeman was the Head of Product Development and Range Management for the EMEA region with responsibility for the development and ongoing product management of all funds domiciled in EMEA and distributed on a cross-border basis by BlackRock. Between July 2011 and December 2015 Mr Freeman worked closely with BlackRock's Government affairs team and served on various internal governance committees and on the boards of a number of group subsidiaries and managed funds. Mr Freeman has worked in the financial services industry for over 35 years and, prior to BlackRock, has held senior management positions at Schroders, Rothschild Asset Management, Henderson Investors and GT Management (now part of Invesco).

Mr Freeman is a Chartered Accountant.

Francine Keiser (Luxembourger): Ms Keiser is a former Partner of Linklaters LLP and is now a consultant to the firm. She has been a member of the Luxembourg Bar since 1989. Ms Keiser is an experienced investment funds lawyer with wide expertise in all legal aspects of investment management, in particular in the UCITS area. She serves as a Director on the Boards of flagship funds of several major fund promoters, including BlackRock Global Index Funds and BlackRock Strategic Funds.

Dr. Martha Dagmar Boeckenfeld, (Swiss & German) (appointed 20 February 2018): Ms Boeckenfeld has 20 years of Financial Services experience (insurance, banking and asset management) in Non-Executive Board positions and Senior Executive roles including Chief Executive Officer with Kleinwort Benson Bank (UK and Channel Islands) and Chief Financial Officer of BHF Kleinwort Benson Group, a publicly listed Company, respectively. She has successfully managed turn-around situations, whilst reducing legal liabilities, generating growth and operational efficiency in life, non-life, reinsurance and banking. Ms Boeckenfeld was integral to the digital transformation of Kleinwort Benson Bank in recent years. Ms Boeckenfeld has demonstrated breadth of international operational experience exercised in different regulatory functions and corporate finance activities including merger in pre-and post-merger management in Asia and Europe. Since 2016 she is engaged as Independent Non-Executive Director on the Board of Scope (Chair), Berlin; Unicredit, Milano and Generali, Switzerland.

Geoffrey D. Radcliffe (British & Luxembourger dual nationality, Luxembourg resident): Mr Radcliffe is a Managing Director of BlackRock and is based in Luxembourg. He is a member of the BlackRock Business Operations & Technology, Global Accounting and Product Services team and heads Product Oversight and Governance International and Alternatives International for BlackRock EMEA & Asia Pacific. Mr Radcliffe is a Fellow of The Institute of Chartered Accountants in England and Wales and an Associate of The Chartered Institute of Bankers. He has 30+ years of mutual fund, accounting and banking experience in Luxembourg, Bermuda, London and the Isle of Man. Mr Radcliffe joined the BlackRock Group in 1998. He serves as a Director on the Boards of BlackRock Luxembourg S.A. and BlackRock Fund Management Company S.A. and also on the Boards of a number of BlackRock investment funds. He has been a Member of the Board of Directors of ALFI (Luxembourg Fund Industry Association) since 2013.

Barry O'Dwyer (Irish): Mr O'Dwyer is a Managing Director at BlackRock. He is the Head of Fund Governance for BlackRock's European open-ended fund ranges and is the Chief Operating Officer for BlackRock's Irish business. He serves as a director on the boards of a number of BlackRock corporate, fund, and management companies domiciled in Ireland, Luxembourg, Switzerland and Germany and on the board of BlackRock's UK Life company. He was the chairman of the Irish Funds Industry Association 2014-2015, is a board director of Financial Services Ireland and is a member of An Taoiseach's Financial Services Industry Advisory Committee. He joined BlackRock Advisors (UK) Limited in 1999 as head of risk management and moved to his present role in 2006.

Directors' Report continued

Prior to joining BlackRock Advisors (UK) Limited, Mr O'Dwyer worked as risk manager at Gartmore Investment Management and at HypoVereinsbank and National Westminster Bank. Mr O'Dwyer graduated from Trinity College Dublin with a degree in Business Studies and Economics in 1991. He holds a Chartered Association of Certified Accountants qualification and an MBA from London City University Business School.

Robert Hayes (British): Mr Hayes is a Managing Director, Head of Investment Oversight for the BlackRock EMEA business and CEO of BlackRock Fund Managers Limited. The Investment Oversight team, which is part of Strategic Product Management, is responsible for establishing and reviewing investment expectations for all BlackRock's Retail Funds in the EMEA region. He also chairs the Investment Committee and serves as a Director of BlackRock Life Limited, BlackRock Strategic Funds SICAV and BlackRock Index Funds SICAV. Mr. Hayes' service with the firm dates back to 2001, including his years with Merrill Lynch Investment Managers (MLIM), which merged with BlackRock in 2006. At MLIM he was Head of Strategic Advice and immediately before his current role he was Head of Client Strategy in our Client Solutions business. Prior to joining the firm, Mr. Hayes was a Partner with Watson Wyatt Partners, as an investment consultant for large pension funds and institutional investors. Earlier in his career, Mr Hayes was a UK Equity Investment Manager at ICI Pension Fund and Head of Institutional Investment at M&G Investment Management. Mr. Hayes earned a BSc degree in Mathematics from Southampton University in 1983.

Michael Gruener (German) (appointed 21 December 2017):

Mr Gruener is a Managing Director of BlackRock and is Head of Europe, Middle East and Africa Retail business. He is a member of BlackRock's European Executive Committee and the BlackRock European Steer Co. Mr. Gruener joined BlackRock in January 2012 as the Head of BlackRock's German, Austria & Eastern Europe iShares sales team and became Head of the iShares Wealth and Retail client segment in EMEA in January 2014. In 2015 he became the Co-Head of the EMEA Sales for iShares. Michael began his current role in July 2017. Mr. Gruener has more than 20 years of experience in the financial services industry. Prior to joining BlackRock, Michael worked for 10 years at Goldman Sachs Asset Management in multiple distribution roles in Chicago, London and Frankfurt. Mr. Gruener holds a German Banker qualification and a BA honors degree from the Cambridge Polytechnic University in Finance and Controlling. He also holds a degree from the Berlin School of Economics in Business Administration and Finance.

Frank P. Le Feuvre (British nationality, Jersey resident)

(resigned 29 September 2017): Mr Le Feuvre was the Country Manager for the Channel Islands and was a member of BlackRock's Global Client Group. Mr Le Feuvre's service with the firm dated back to 1972, including his years with Merrill Lynch Investment Managers ("MLIM"), which merged with BlackRock in 2006. At MLIM, he was Head of the Jersey business and Managing Director of Merrill Lynch Investment Management (Channel Islands) Limited. Mr Le Feuvre also served as a Director on the Boards of BlackRock Strategic Funds and BlackRock Global Index Funds.

Report on Remuneration

The below disclosures are made in respect of the remuneration policies of the BlackRock Group (“BlackRock”), as they apply to BlackRock (Luxembourg) S.A. (the “Management Company”). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to UCITS, as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the council of 23 July 2014, (the “Directive”), and the “Guidelines on sound remuneration policies under the UCITS Directive and AIFMD” issued by the European Securities and Markets Authority.

BlackRock’s UCITS Remuneration Policy (the “UCITS Remuneration Policy”) will apply to the European Economic Area (“EEA”) entities within the BlackRock Group authorised as a management company of UCITS funds in accordance with the Directive, and will ensure compliance with the requirements of Article 14b of the Directive.

The Management Company has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock’s remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee (“MDCC”) (which is the global, independent remuneration committee for Blackrock, Inc. and all of its subsidiaries, including the Management Company) and (b) the Management Company’s Board of Directors (the “Management Company’s Board”). The MDCC is responsible for the determination of BlackRock’s remuneration policies.

(a) MDCC

The MDCC’s purposes include:

- ▶ providing oversight of:
 - ▶ BlackRock’s executive compensation programmes;
 - ▶ BlackRock’s employee benefit plans; and
 - ▶ such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator;
- ▶ reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving of the MDCC’s report for inclusion in the proxy statement;
- ▶ reviewing, assessing, and making reports and recommendations to the BlackRock, Inc. Board of Directors (the “Blackrock, Inc. Board”) as appropriate on BlackRock’s talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and
- ▶ in accordance with applicable UK and European regulations and guidance, to act as the Remuneration Committee for BlackRock’s EMEA regulated entities.

The MDCC directly retains an independent compensation consultant, Semler Brossy Consulting Group LLC, which has no relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are “independent” within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a “non-employee director” standard.

The MDCC held 10 meetings during 2017. The MDCC charter is available on BlackRock, Inc.’s website (www.blackrock.com).

Through its regular reviews, the MDCC continues to be satisfied with the principles of BlackRock’s compensation policy and approach.

(b) The Management Company’s Board

The Management Company’s Board has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the Management Company and its Identified Staff.

The Management Company’s Board (through independent review by the relevant control functions) remains satisfied with the implementation of the UCITS Remuneration Policy as it applies to the Management Company and its Identified Staff.

Decision-making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for compensation decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures

Report on Remuneration continued

compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial performance (e.g., net inflows of Assets Under Management ("AUM") and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of pre-incentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, and Internal Audit) has its own organisational structure which is independent of the business units. The head of each control function is either a member of the Global Executive Committee ("GEC"), BlackRock's global management committee, or has a reporting obligation to the Management Company's Board.

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the Committee.

Link between pay and performance

There is a clear and well defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- ▶ appropriately balance BlackRock's financial results between shareholders and employees;
- ▶ attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- ▶ align the interests of senior employees with those of shareholders by awarding BlackRock, Inc.'s stock as a significant part of both annual and long-term incentive awards;
- ▶ control fixed costs by ensuring that compensation expense varies with profitability;
- ▶ link a significant portion of an employee's total compensation to the financial and operational performance of the business as well as its common stock performance;
- ▶ discouraging excessive risk-taking; and
- ▶ ensure that client interests are not negatively impacted by remuneration awarded on a short term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Management Companies use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

Report on Remuneration continued

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- ▶ the performance of the Management Company, the funds managed by the Management Company and/or the relevant functional department;
- ▶ factors relevant to an employee individually; relationships with clients and colleagues; teamwork; skills; any conduct issues; and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business);
- ▶ the management of risk within the risk profiles appropriate for BlackRock's clients;
- ▶ strategic business needs, including intentions regarding retention;
- ▶ market intelligence; and
- ▶ criticality to business.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading "Link between pay and performance") may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc's stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc's share price over the vesting period. As total annual compensation

increases, a greater portion is deferred in stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers.

The portion deferred into stock vests in equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards from the "Partner Plan" and "Targeted Equity Award Plan" are made to select senior leaders to provide greater linkage with future business results. The long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual's role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the "BlackRock Performance Incentive Plan" ("BPIP"). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin⁽¹⁾ and Organic Revenue Growth⁽²⁾. Determination of pay-out will be made based on the firm's achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm's financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the relevant employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external evaluators have increasingly viewed more favourably those products where key investors have "skin in the game" through significant personal investments. These awards vest in equal instalments over the three years following grant.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the Management Company, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the Management Company or of the funds it manages.

⁽¹⁾ As Adjusted Operating Margin: As reported in BlackRock's external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions.

⁽²⁾ Organic Revenue Growth: Equal to net new base fees plus net new Aladdin revenue generated in the year (in US dollars).

Report on Remuneration continued

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- ▶ organisational changes;
- ▶ new business initiatives;
- ▶ changes in significant influence function lists;
- ▶ changes in role responsibilities; and
- ▶ revised regulatory direction

Quantitative Remuneration Disclosure

The Management Company is required under the UCITS to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock's interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Disclosures are provided in relation to (a) the staff of the Management Company (b) staff who are senior management; and (c) staff who have the ability to materially affect the risk profile of the Management Company or of its Funds, including individuals who, although not directly employed by the Management Company, are assigned by their employer to carry out services directly for the Management Company.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock's remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals' services attributable to the Company is included in the aggregate figures disclosed.

Members of staff and senior management of the Management Company typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the Management Company and across the broader BlackRock Group. Therefore, the figures disclosed are a sum of each individual's portion of remuneration attributable to the Management Company's UCITS-related business according to an objective apportionment methodology which acknowledges the multiple-service nature of the Management Company. Accordingly the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded by the Management Company to its staff which has been attributed to the Management Company's UCITS-related business in respect of the Management Company's financial year ending 31 December 2017 is USD 89.7 million. This figure is comprised of fixed remuneration of USD 5.3 million and variable remuneration of USD 84.4 million. There were a total of 104 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the Management Company, which has been attributed to the Management Company's UCITS-related business in respect of the Management Company's financial year ending 31 December 2017, to its senior management was USD 0.2 million, and to members of its staff whose actions have material impact on the risk profile of the Management Company's UCITS-related business was USD 89.5 million.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation.

* Dilution adjustment included, see Note 2(g), for further details.

⁽¹⁾ Fund launched during the year, see Note 1, for further details.

Statement of Operations and Changes in Net Assets

For the Year Ended 31 August 2018 continued

Fund Name	Note	Fixed Income Global Opportunities Fund	Flexible Multi-Asset Fund	Global Allocation Fund
		USD	EUR	USD
Net assets at the beginning of the year		9,265,244,959	274,547,368	18,540,865,354
Income				
Bank interest	2(b)	6,208,440	–	–
Bond interest	2(b)	389,708,429	1,420,372	174,260,371
Swap interest	2(c)	117,298,909	70,715	10,756,588
Contracts for difference interest	2(c)	–	–	370,849
Equity linked note income	2(c)	–	–	–
Interest from money market deposits	2(b)	1,488,226	–	–
Collective investment scheme income	2(b)	1,109,954	412,330	–
Dividends, net of withholding taxes	2(b)	2,367,044	2,870,707	182,361,309
Contracts for difference dividends, net of withholding taxes	2(c)	95,921	–	–
Securities lending income	2(b)	2,354,084	39,490	5,711,860
Management fee rebate	5	59,861	53,939	269,999
Total income	2(b)	520,690,868	4,867,553	373,730,976
Expenses				
Bank interest	2(b)	–	129,389	1,029,978
Contracts for difference interest	2(c)	21,812	–	–
Swap interest	2(c)	124,352,650	443,746	7,489,421
Negative yield on financial assets	2(b)	647	–	–
Contracts for difference dividends, net of withholding taxes	2(c)	–	–	–
Administration fees, net of subsidy	7	9,255,891	467,972	31,372,799
Custodian and depository fees	2(h), 8	2,394,701	239,327	3,100,238
Distribution fees	6	6,540,332	584,394	17,562,462
Tax	9	3,241,651	149,399	7,379,003
Management fees	5	58,039,360	3,121,896	207,997,234
Less Management fee waiver	5	–	–	–
Total expenses		203,847,044	5,136,123	275,931,135
Net income/(deficit)		316,843,824	(268,570)	97,799,841
Net realised appreciation/(depreciation) on:				
Investments	2(a)	(81,077,141)	11,444,394	680,715,530
To Be Announced securities contracts	2(c)	15,413,938	–	–
Contracts for difference	2(c)	(1,301,584)	–	1,115,518
Exchange traded futures contracts	2(c)	43,572,386	(797,221)	(78,407,613)
Options/Swaptions contracts	2(c)	109,114,126	(134,797)	27,651,955
Swaps transactions	2(c)	(28,924,247)	(366,933)	33,885,993
Forward foreign exchange contracts	2(c)	(299,062,484)	(634,329)	(180,323,563)
Foreign currencies on other transactions	2(i)	(71,704,025)	(301,537)	15,116,437
Net realised appreciation/(depreciation) for the year		(313,969,031)	9,209,577	499,754,257
Net change in unrealised appreciation/(depreciation) on:				
Investments	2(a)	(279,254,077)	9,613,699	(85,347,865)
To Be Announced securities contracts	2(c)	5,234,631	–	–
Contracts for difference	2(c)	305,756	–	(1,167,806)
Exchange traded futures contracts	2(c)	9,035,056	681,130	8,191,596
Options/Swaptions contracts	2(c)	(14,716,662)	218,679	(78,634,690)
Swaps transactions	2(c)	23,386,559	2,232,158	(34,121,912)
Forward foreign exchange contracts	2(c)	101,341,601	(704,497)	(8,700,331)
Foreign currencies on other transactions	2(i)	(874,019)	(13,190)	(716,373)
Net change in unrealised appreciation/(depreciation) for the year		(155,541,155)	12,027,979	(200,497,381)
Increase/(Decrease) in net assets as a result of operations		(152,666,362)	20,968,986	397,056,717
Movements in share capital				
Net receipts as a result of issue of shares		6,981,493,647	114,964,649	4,067,819,557
Net payments as a result of repurchase of shares		(4,207,447,797)	(68,966,033)	(5,628,617,435)
Increase/(Decrease) in net assets as a result of movements in share capital		2,774,045,850	45,998,616	(1,560,797,878)
Dividends declared	16	(56,750,680)	–	(23,825,455)
Foreign exchange adjustment	2(e)	–	–	–
Net assets at the end of the year		11,829,873,767	341,514,970	17,353,298,738

(1) Fund launched during the year, see Note 1, for further details.

* All or a portion of this security represents a security on loan.

Notes to the Financial Statements

1. Organisation

The Company is a public limited company (société anonyme) established under the laws of the Grand Duchy of Luxembourg as an open ended variable capital investment company (société d'investissement à capital variable). The Company has been authorised by the Commission de Surveillance du Secteur Financier (the "CSSF") as an undertaking for collective investments in transferable securities ("UCITS") pursuant to the provisions of Part I of the law of 17 December 2010 as amended from time to time and is regulated pursuant to such law.

The Company is an umbrella structure comprising separate compartments with segregated liability. Each compartment shall have segregated liability from the other compartments and the Company shall not be liable as a whole to third parties for the liabilities of each compartment. Each compartment shall be made up of a separate Portfolio of Investments maintained and invested in accordance with the investment objectives applicable to such compartment.

As at 31 August 2018, the Company offered shares in 78 sub-funds (each a 'Fund'), together the 'Funds'. Each Fund is a separate pool of assets and is represented by separate shares of each Fund which are divided into share classes as detailed in Appendix I.

The Share Classes have equivalent rights in the Company but carry different features and charging structures, which are described in more detail in the Company's Prospectus.

Significant events during the year ended 31 August 2018

The Swiss Small & MidCap Opportunities Fund continues to be closed to subscriptions from new and existing shareholders until further notice. Shareholders can redeem as usual.

Effective 29 September 2017, Frank P. Le Feuvre resigned from the Board of Directors of the Company.

Effective 26 October 2017, the China A-Share Opportunities Fund, denominated in USD was launched.

Effective 31 October 2017, the China Flexible Equity Fund, denominated in USD was launched.

Effective 1 December 2017, the Asian High Yield Bond Fund, denominated in USD was launched.

Effective 8 December 2017, an updated Prospectus of the Company was issued. A letter was sent to shareholders informing them of the updates to the Prospectus.

Effective 8 December 2017, the Renminbi Bond Fund changed its name to the China Bond Fund and the US Dollar Core Bond Fund changed its name to the US Dollar Bond Fund.

Effective 8 December 2017, any costs relating to withholding tax reclaims outside of the EU (plus any taxes or interest thereon) will be paid by the Company and will be allocated between the relevant Funds on a fair and equitable basis.

In accordance with new rules coming into force in January 2018 pursuant to EU Directive 2014/65/EU on markets in financial instruments referred to as "MiFID II", the BlackRock Group will no longer pay for external research via client trading commissions for its MiFID II-impacted funds ("MiFID II-impacted funds"). The BlackRock Group shall meet such research costs out of its own resources. MiFID II-impacted funds are those which have appointed a BlackRock Group MiFID firm as investment adviser or where investment management has been delegated by such firm to an overseas affiliate.

As at year end all of the sub-funds are considered MiFID II impacted funds with the exception of the Asian High Yield Bond Fund, China A-Share Opportunities Fund, Dynamic High Income Fund, Global Allocation Fund, Global Dynamic Equity Fund, Global SmallCap Fund, Latin American Fund, North American Equity Income Fund, US Basic Value Fund, US Dollar High Yield Bond Fund, US Dollar Reserve Fund, US Dollar Short Duration Bond Fund, US Flexible Equity Fund, US Government Mortgage Fund, US Growth Fund and US Small & MidCap Opportunities Fund.

These Funds have directly appointed an overseas affiliate of the BlackRock Group within a third country (i.e. outside the European Union) to perform portfolio management. The Funds are therefore not in-scope for the purposes of the MiFID II restrictions on research costs described above and will be subject to the local laws and market practices governing external research in the applicable jurisdiction of the relevant affiliate. This means that costs of external research may continue to be met out of the assets of such funds. The Funds are however subject to other aspects of MiFID II.

Effective 21 December 2017, Michael Gruener was appointed to the Board of Directors of the Company.

Effective 6 February 2018, the Dynamic High Income Fund, denominated in USD was launched.

Effective 20 February 2018, Martha Boeckefeld was appointed to the Board of Directors of the Company.

Effective 15 June 2018, an addendum to the Prospectus was issued.

Effective 9 July 2018, the ESG Emerging Markets Blended Bond Fund, the ESG Emerging Markets Bond Fund, the ESG Emerging Markets Corporate Bond Fund and the ESG Emerging Markets Local Currency Bond Fund denominated in USD were launched.

Effective 16 July 2018, the Global Bond Income Fund in USD was launched.

Effective 16 August 2018, a second addendum to the Prospectus was issued.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in accordance with the legal and regulatory requirements relating to the

Notes to the Financial Statements continued

preparation of the financial statements as prescribed by the Luxembourg authorities for Luxembourg investment companies and include the following significant accounting policies:

(a) Valuation of Investments and Other Assets

The Company's investments and other assets are valued as follows:

- ▶ transferable securities which are admitted to an official exchange listing or dealt in on another regulated market, are valued on the basis of the latest available price prevailing on the valuation date. For securities traded on markets closing after the time of the valuation, last known prices as of this time or such other time may be used. Where such securities or other assets are quoted or dealt in, on or by more than one stock exchange or regulated market the Board may in its discretion select one of such stock exchanges or regulated markets for such purposes. Discrepancies in the value of securities may result, for example, where the underlying markets are closed for business at the time of calculating the net asset value of certain funds or where governments chose to impose fiscal or transaction charges on foreign investment. As a result, the Directors have implemented fair value techniques in order to estimate the fair value of these investments. Such securities and derivatives shall be valued at their probable realisation value as determined by the competent persons (the Directors). Because of the inherent uncertainty in the fair value process, these estimated values may significantly differ from the values that would have been used had a ready market for the securities existed, and from the values that may be ultimately recovered;
- ▶ for non-quoted securities or securities not traded or dealt in on any stock exchange or other regulated market (including securities of closed-ended investment funds), as well as quoted or non quoted securities on such other markets for which no valuation price is available, or securities for which the quoted prices are, in the opinion of the Directors, not representative of the fair market value, the value thereof shall be determined prudently and in good faith by the Directors on the basis of their expected disposal or acquisition prices;
- ▶ securities lending: securities are delivered to a third party broker in accordance with lending agent instructions and continue to be valued as part of the portfolio of the Fund;
- ▶ money market instruments may be valued at nominal values plus any accrued interest or on an amortised cost basis, which approximates their fair market value;
- ▶ time deposits are valued at amortised cost which approximates their fair market value;
- ▶ cash, deposits, bills payable on demand and other debts and prepaid expenses are valued at their nominal amount, unless it appears unlikely that such nominal amount is obtainable;
- ▶ assets which include, in particular, interest and dividends receivable, receivable for investments sold and receivable for

fund shares subscribed, are valued at nominal value unless it appears unlikely that such nominal amount is obtainable;

- ▶ liabilities, which include, in particular, expenses payable, income distribution payable, payable for investments purchased and payable for fund shares redeemed are valued at their nominal value.

(b) Income/Expense from Investments

The Company takes credit for income from its investments on the following basis:

- ▶ interest income is accrued daily and includes the amortisation on a straight line basis of premiums and accretion of discounts;
- ▶ bank interest, fixed deposits, collective investment scheme income and money market deposit income are recognised on an accruals basis;
- ▶ dividend income is accrued on the ex-dividend date and is shown net of withholding tax;
- ▶ security lending income is accrued on a weekly basis;
- ▶ when a bond has been identified as being in default, the interest accrual on the defaulted security is stopped. On confirmation of default from the relevant parties, the amount receivable is written off;
- ▶ the date included in the description of any perpetual bonds in the Portfolio of Investments is the next callable date of the bonds and the interest rate disclosed under the description in the Portfolio of Investments is the interest rate applicable at the year end and is for information only as these bonds are bearing variable interest rates.

Negative yield expense relating to interest from a negative effective interest rate on assets held is accreted daily and is recognised in the Statement of Operations and Changes in Net Assets over the life of the underlying instrument.

(c) Financial Derivative Instruments

During the year the Funds have entered into a number of forward foreign exchange and futures contracts. Open forward foreign exchange and futures contracts are valued at the cost to close the contracts on the valuation date. Gains/losses arising from these unsettled contracts are taken to unrealised appreciation/(depreciation) and are included under assets or liabilities (as appropriate) in the Statement of Net Assets.

The Funds can write covered call and put options and purchase call and put options. The Funds can also invest in spread options and synthetic cap options. A spread option is a type of option that derives its value from the difference between the prices of two or more assets. A synthetic cap option is an agreement between two parties providing the purchaser an interest rate ceiling or 'cap' on interest payment. The rate cap

Notes to the Financial Statements continued

itself provides a periodic payment based upon the positive amount by which the reference index rate exceeds the strike rate. When the Funds write and/or purchase an option, an amount equal to the premium received or paid by the Funds is reflected as a liability or an asset. The liability for a written option and the asset for a purchased option are subsequently marked to market to reflect the current value of the option. The Directors have agreed to value exchange traded options based on mid prices or settlement prices rather than last traded prices as this methodology best reflects their estimated realisation value. Unlisted options are valued based upon daily prices obtained from third party pricing agents. When a security is sold through the exercise of an option, the premium received (or paid) is deducted from (or added to) the basis of the security sold. When an option expires (or the Funds enter into a closing transaction), the Funds realise a gain or loss on the option to the extent of the premiums received or paid (or gain or loss to the extent the cost of the closing transaction exceeds the premium paid or received).

As at 31 August 2018, the Fixed Income Global Opportunities Fund, the Global Allocation Fund, the Global Dynamic Equity Fund and the World Financials Fund have entered into Contracts for Difference (“CFDs”). CFDs allow investors to take synthetic long or synthetic short positions with a variable margin. Unlike shares, with CFDs the buyer is potentially liable for far more than the amount they paid on margin. This will result in the Fund holding cash received from shareholders on deposit with various institutions as described in the Prospectus. CFD positions entered into are subject to a daily financing charge, applied at a previously agreed rate above or below the applicable benchmark. The related dividend income or expense is disclosed net of withholding tax in the Statement of Operations and Changes in Net Assets.

The market value of the CFDs is determined by the last known traded price on the exchange on which the underlying securities or assets are traded or admitted for trading. For underlying securities traded on markets closing after the time of the valuation, last known prices as of this time or such other time may be used. The change in market value, if any, is recorded as net change in unrealised appreciation/(depreciation) in the Statement of Operations and Changes in Net Assets. Realised gains or losses on maturity or termination of the CFDs are presented in the Statement of Operations and Changes in Net Assets.

Gains and losses on sales of CFDs have been determined on a cost basis using the First In First Out (“FIFO”) method.

The Funds have entered into swap agreements to exchange the return generated by one instrument for the return generated by another investment. In the case of credit default swaps, a series of premiums is paid to the seller of the protection, in return for a payment contingent on a credit event (predefined in the agreement). Where possible, swaps are marked to market based upon daily prices obtained from third party pricing agents and verified against the actual market maker. Where such quotations are not available swaps are priced based upon daily quotations from the market maker. In both cases changes in quotations are recorded as net change in unrealised

appreciation/(depreciation) in the Statement of Operations and Changes in Net Assets. Realised gains or losses on maturity or termination of the swaps and the interest earned or incurred in relation to the swaps are presented in the Statement of Operations and Changes in Net Assets.

During the year, the Funds have entered into swaption transactions. These give the purchaser the right, but not the obligation to enter into an interest rate swap at a pre-set interest rate within a specified period of time. The swaption buyer pays a premium to the seller for this right. A written swaption gives the purchaser the right to receive fixed payments in return for paying a floating rate of interest. A purchased swaption gives the purchaser the right to pay a fixed rate of interest in return for receiving a floating rate payment stream. When the Fund writes/purchases a swaption, an amount equal to the premium received/paid by the Fund is recorded as a liability or an asset in the Statement of Net Assets.

During the year the Dynamic High Income Fund and the Global Multi-Asset Income Fund purchased a number of Equity Linked Notes. A principal amount is paid to a broker at the market price of an underlying equity at an agreed date in return for a fixed coupon payment or payments. At maturity the Fund will receive the principal plus (up to an agreed cap level per the agreement) or minus any movements in the value of the underlying equity.

To Be Announced securities (TBAs) are related to mortgage backed securities issued by US government sponsored agencies. These agencies usually pool mortgage loans and sell interests in the pools created. TBAs relate to future pools of these agencies that are bought and sold for future settlement for which either the interest rate or the maturity date is not yet fixed. TBAs are separately disclosed in the Portfolio of Investments.

Although the Funds will generally enter into TBA purchase commitments with the intention of acquiring securities, the Funds may also dispose of a commitment prior to settlement if it is deemed appropriate to do so. Proceeds of TBA sales are not received until the contractual settlement date. During the time a TBA sale commitment is outstanding, equivalent deliverable securities, or an offsetting TBA purchase commitment (deliverable on or before the sale commitment date), are held as cover for the transaction.

If the TBA sale commitment is closed through the acquisition of an offsetting purchase commitment, the Fund realises a gain or loss on the commitment without regard to any unrealised gain or loss on the underlying security. If the Fund delivers securities under the commitment, the Fund realises a gain or loss from the sale of the securities upon the unit price established at the date the commitment was entered into.

The Funds had unsettled TBAs as of 31 August 2018 which are included within receivable for investments sold and payable for investments purchased in the Statement of Net Assets.

The market values of the TBAs are presented in the Statement of Net Assets. The net change in unrealised appreciation or

Notes to the Financial Statements continued

depreciation and the realised appreciation or depreciation on sales of the TBAs are presented in the Statement of Operations and Changes in Net Assets.

(d) Foreign Exchange

The cost of investments in currencies other than the currency of denomination of the respective Funds has been translated at the rates of exchange ruling at the time of purchase. Investments and other assets in currencies other than the currency of denomination of the respective Funds have been translated at the exchange rate prevailing at the Fund's valuation point in Luxembourg on 31 August 2018.

(e) Combined Financial Statements

The accounts of each Fund are expressed in the Fund's base currency.

The combined figures of the Company are expressed in USD and include the total of the financial statements of the different Funds. For the Statement of Net Assets, the exchange rates prevailing at the Fund's valuation point in Luxembourg on 31 August 2018 are:

CCY	EUR	GBP	JPY	CHF	CNH
USD	0.8593	0.7711	110.8050	0.9688	6.8449

For the Statement of Operations and Changes in Net Assets, the exchange rates are the average rate calculated over the year:

CCY	EUR	GBP	JPY	CHF	CNH
USD	0.8393	0.7428	110.3793	0.9760	6.5168

These figures are presented for information purposes only and are rounded to four decimal places. For financial statements purposes exchange rates to nine decimal places are applied.

The combined figures in the Statement of Operations and Changes in Net Assets have been calculated using the average exchange rates throughout the year. The resulting Foreign exchange adjustment of USD (984,915,496) represents the movement in exchange rates between 31 August 2017 and 31 August 2018. This is a notional amount, which has no impact on the Net Assets of the individual Funds.

(f) Exchange rates

The following exchange rates were used to translate the investments and other assets and other liabilities denominated in currencies other than the base currency of the Funds as at 31 August 2018:

The Renminbi is subject to foreign exchange restrictions and is not a freely convertible currency. The exchange rate used for the China Bond Fund is in relation to the offshore Renminbi ("CNH"), not the onshore Renminbi ("CNY"). The value of CNH could differ, perhaps significantly, from that of CNY due to a number of factors including without limitation those foreign exchange control policies and repatriation restrictions applied by the Chinese government from time-to-time as well as other external market forces. Any divergence between CNH and CNY may adversely impact investors.

(g) Dilution

The Directors may adjust the Net Asset Value ("NAV") per Share for a Fund in order to reduce the effect of "dilution" on that Fund. Dilution occurs when the actual cost of purchasing

Notes to the Financial Statements continued

or selling the underlying assets of a Fund, deviates from the carrying value of these assets in the Fund's valuation due to dealing charges, taxes and any spread between the buying and selling prices of the underlying assets. Dilution may have an adverse effect on the value of a Fund and therefore impact Shareholders. By adjusting the NAV per Share this effect can be reduced or prevented and existing Shareholders can be protected from the impact of dilution. The Directors may adjust the NAV of a Fund if on any Dealing Day the aggregate transactions in Shares of all Classes of that Fund result in a net increase or decrease of Shares which exceeds a threshold set by the Directors from time to time for that Fund (relating to the cost of market dealing for that Fund).

As at 31 August 2018, in accordance with the Prospectus Appendix B, 18.3, such a dilution adjustment was applied to the Emerging Markets Local Currency Bond Fund, Euro Corporate Bond Fund, Global Equity Income Fund, Global Inflation Linked Bond Fund, US Dollar Short Duration Bond Fund and US Growth Fund.

The published/dealing NAV per share is disclosed in the Three Year Summary of Net Asset Values and may include a dilution adjustment. This adjustment is not recognised in the Statement of Net Assets or the Statement of Operations and Changes in Net Assets.

(h) Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of securities. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the security. When a security is recognised initially, it is measured at its market value, plus transaction costs that are directly attributable to the acquisition or issue of the security.

Transaction costs excluding depositary transaction fees on purchases or sales of securities are included within net realised appreciation/(depreciation) or net change in unrealised appreciation/(depreciation) within the Statement of Operations and Changes in Net Assets of each Fund. Depositary transaction fees are included in depositary fees in the Statement of Operations and Changes in Net Assets of the Fund and are also disclosed in Note 18.

(i) Foreign currencies on other transactions

Foreign currencies on other transactions relate to realised and unrealised appreciation or depreciation on cash balances and spot contracts.

(j) Fair valuation

If in any case a particular value is not ascertainable by the methods outlined above, or if the Board of Directors of the Company considers that some other method of valuation more accurately reflects the fair value of the relevant security or other asset for the purpose concerned, the method of valuation of the security or asset will be such as the Board of Directors of the Company in its absolute discretion decides. Discrepancies

in the value of securities may result, for example, where the underlying markets are closed for business at the time of calculating the NAV of certain Funds or where governments chose to impose fiscal or transaction charges on foreign investment. The Board of Directors of the Company may set specific thresholds, that, where exceeded, result in an adjustment to the value of these securities to their fair value by applying a specific index adjustment.

The fair valued securities are evidenced by a "****" in the Portfolio of Investments.

As at 31 August 2018, such fair valuation adjustment was applied as per the table below:

Fund	Currency	Market value of fair valued securities	% of Net Assets
Asian Dragon Fund	USD	38,587,953	1.05
Asian Growth Leaders Fund	USD	14,104,300	0.40

^o Fund holds fair valued securities with a market value of zero.

⁽¹⁾ Fund launched during the year, see Note 1, for further details.

⁽²⁾ Fund name changed during the year, see Note 1, for further details.

3. The Subsidiary

The India Fund invests at least 70% of its total assets in equity securities of companies domiciled in, or exercising the predominant part of their economic activity in India exclusively through BlackRock India Equities (Mauritius) Limited (the

Notes to the Financial Statements continued

“Subsidiary”), a wholly owned subsidiary of the Company, in accordance with its investment objectives and policies.

All assets and liabilities, income and expenses of the Subsidiary are consolidated in the Statement of Net Assets and Statement of Operations and Changes in Net Assets of the Company. All investments held by the Subsidiary are disclosed in the Portfolio of Investments of the India Fund. The Subsidiary was incorporated on 1 September 2004 under the laws of Mauritius.

The Subsidiary invests in securities traded in the Indian market and until 31 March 2017, the Subsidiary obtained benefits under the double taxation treaty between Mauritius and India. The Subsidiary had to meet annually certain tests and conditions, including the establishment of Mauritius tax residence and related requirements. The Subsidiary had obtained a tax residence certification from the Mauritius Revenue Authority, and as it has no branch or permanent establishment in India, it was not subject to capital gains tax in India on the sale of securities until 31 March 2017. The Subsidiary is subject to Indian withholding tax on interest earned on Indian securities at the rate of 20.6% (31 August 2017: 20.6%).

On 10 May 2016, the Indian Tax Board announced a phased removal of the capital gains tax (“CGT”) exemption existing under the India-Mauritius Tax Treaty. The change, effective from 1 April 2017, means that India retains taxation rights on capital gains arising from sales of shares of Indian resident companies acquired by a Mauritian entity on or after 1 April 2017. Shares acquired prior to 1 April 2017 are protected from taxing rights in India. However, the phased approach means that during the transition period from 1 April 2017 to 31 March 2019, the tax rate is limited to 50% of India’s domestic tax rate subject to a limitation of benefits clause. Taxation in India at the full domestic tax rate will apply from financial year 2019-2020 onwards.

Until 31 March 2018, the Subsidiary was exempt from Indian tax on long term capital gains on the sale or transfer of listed equity shares chargeable to Securities Transaction Tax in India. Effective 1 April 2018, the 2018 Indian Finance Bill introduces a 10% tax on long term capital gains (i.e. holding period of at least 12 months) on the disposition of Indian publicly traded shares and certain other securities after 1 April 2018. Prior to this change, long term capital gains were exempt from Indian tax, provided securities transaction tax (STT) had been paid. For sales of publicly traded shares on or before 31 March 2018, long term capital gains should be exempt from Indian tax. For sales of publicly traded shares from 1 April 2018, long term capital gains should be subject to a 10% tax. However, where securities were acquired prior to 31 January 2018, the ‘cost’ of securities in determining the gain will be their fair market value at 31 January 2018.

At 31 August 2018, the Subsidiary had net surplus brought forward tax losses of USD .67 million which are available for a maximum period of 8 years. At 31 August 2018, the Subsidiary

had sufficient brought forward tax losses to cover its realised and unrealised gains, however there can be no assurance that this will remain the case for future periods.

Further information on the Subsidiary can be found in the Prospectus and on page 4.

4. Management Company

BlackRock (Luxembourg) S.A. has been appointed by the Company to act as its Management Company. The Management Company, a Luxembourg société anonyme, is authorised as a fund management company in accordance with Chapter 15 of the 2010 Law.

The Company has signed a management company agreement, with the Management Company. Under this agreement, the Management Company is entrusted with the day-to-day management of the Company, with responsibility for performing directly or by way of delegation all operational functions relating to the Company’s investment management, administration and marketing of the Funds.

In agreement with the Company, the Management Company has decided to delegate several of its functions as is further described in the Prospectus.

BlackRock (Luxembourg) S.A. is a wholly owned subsidiary within the BlackRock Group. It is regulated by the CSSF.

5. Management Fees

During the year the Company paid management fees to the Management Company, BlackRock (Luxembourg) S.A.

The Company will pay the management fee at an annual rate as shown in Appendix E of the Prospectus. The level of management fee varies from 0.00% to 1.75% and will vary according to which Fund and share class the investor buys. These fees accrue daily, are based on the NAV of the relevant Fund (reflecting, when applicable, any adjustment to the NAV of the relevant Fund, as described in paragraph 18.3 of Appendix B) and are paid monthly. Certain costs and fees are paid out of the management fee, including the fees of the Investment Advisers. There are no management fees charged on Class J and Class X Shares.

The Flexible Multi-Asset Fund also pays an additional management fee to Schroders in respect of its holding of the Schroder International Selection Fund - Frontier Markets Equity position. This fee amounts to EUR 16,569 and is included within the management fees expense line in the Statement of Operations and Changes in Net Assets. No additional management fees are incurred as a result of any of the investments in other BlackRock Funds.

To assist in achieving the investment objectives of the Reserve Funds (Euro Reserve Fund and US Dollar Reserve Fund), in certain circumstances, including where market conditions cause decreasing yields on the Fund’s underlying investments,

Notes to the Financial Statements continued

the Management Company may determine to waive its right to take the full amount of management fees to which it is entitled on any particular day or days. The Management Company may exercise its discretion to do this without prejudice to its entitlement to take the full amount of the management fee accruing on any future days.

The management fee waiver is disclosed separately from management fees in the Statement of Operations and Changes in Net Assets. During the year the Euro Reserve Fund was subject to a management fee waiver.

During the year, the following Funds were subject to management fee rebates linked to investments into target funds managed by BlackRock:

Dynamic High Income Fund, Emerging Europe Fund, Euro Bond Fund, Euro Corporate Bond Fund, Euro Short Duration Bond Fund, Fixed Income Global Opportunities Fund, Flexible Multi-Asset Fund, Global Allocation Fund, Global Corporate Bond Fund, Global Government Bond Fund, Global Multi-Asset Income Fund, US Dollar High Yield Bond Fund and the World Bond Fund.

Management fees payable at 31 August 2018 are included in the Statement of Net Assets as other liabilities.

6. Distribution Fees

The Company pays annual distribution fees as shown in Appendix E of the Prospectus. The level of distribution fee varies from 0.00% to 1.25%. Class A, D, I, J, S, X and Z Shares do not pay a distribution fee. Class C Shares do not pay a distribution fee for the Euro Reserve Fund and the US Dollar Reserve Fund. These fees accrue daily, are based on the NAV of the relevant Fund (reflecting, when applicable, any adjustment to the NAV of the relevant Fund, as described in paragraph 18.3 of Appendix B) and are paid monthly.

The Company pays distribution fees as detailed in the Statement of Operations and Changes in Net Assets. Distribution fees payable at 31 August 2018 are included in the Statement of Net Assets as other liabilities.

7. Administration Fees

The Company pays an administration fee to the Management Company.

The level of administration fee may vary at the Directors' discretion, as agreed with the Management Company and will apply at different rates across the various Funds and Share Classes issued by the Company. However, it has been agreed between the Directors and the Management Company that the administration fee currently paid shall not exceed 0.25% per annum. It is accrued daily, based on the NAV of the relevant Share Class (reflecting, when applicable, any adjustment to the NAV of the relevant Fund, as described in paragraph 18.3 of Appendix B) and paid monthly.

The Directors and the Management Company set the level of the administration fee at a rate which aims to ensure that the ongoing charges of each Fund remain competitive when

compared across a broad market of similar investment products available to investors in the Funds, taking into account a number of criteria such as the market sector of each Fund and the Fund's performance relative to its peer group.

The ongoing charge is calculated based on the total expenses per share class (excluding bank interest, transaction costs and negative yield expense on financial assets, and including administration fee subsidies) divided by the average net assets of the respective share class, expressed as a percentage.

The administration fee is used by the Management Company to meet all fixed and variable operating and administrative costs and expenses incurred by the Company, with the exception of the Depositary fees, Distribution fees, Securities Lending fees, any fees arising from borrowings (including for the avoidance of doubt any commitment fee that may be due to the lender), any costs relating to European Union ("EU") and non-EU withholding tax reclaims (plus any taxes or interest thereon) and any taxes at an investment or Fund level.

The Company pays any professional costs relating to European Union withholding tax reclaims. Any costs relating to withholding tax reclaims will be allocated between the relevant sub-funds on a fair and equitable basis. From 8 December 2017, any costs relating to withholding tax reclaims outside of the EU (plus any taxes or interest thereon) will be paid by the Company and will be allocated between the relevant sub-funds on a fair and equitable basis. As the Company has had a good degree of success with its EU withholding tax reclaims (which are paid by the Company) to date, any costs associated with non-EU withholding tax reclaims will no longer be paid out of the administration Fee and will now be paid by the Company and allocated between the relevant sub-funds on a fair and equitable basis.

The administration fee is also used to meet fees paid to PricewaterhouseCoopers for audit and services related to investor reporting and other tax compliance matters. The fees were EUR 1,105,506 for the year ended 31 August 2018. Services related to investor reporting provided by PricewaterhouseCoopers relate to reporting required for investors resident in particular jurisdictions. There were no other fees paid to PricewaterhouseCoopers for services provided to the Company.

These operating and administrative expenses include all third party expenses and other recoverable costs incurred by or on behalf of the Company from time to time, including but not limited to, fund accounting fees, transfer agency fees (including sub-transfer agency and associated platform dealing charges), all professional costs, such as consultancy, legal, tax advisory and audit fees, Directors' fees (for those Directors who are not employees of the BlackRock Group), travel expenses, reasonable out-of-pocket expenses, printing, publication, translation and all other costs relating to shareholder reporting, regulatory filing and licence fees, correspondent and other banking charges, software support and maintenance, operational costs and expenses attributed to the Investor

Notes to the Financial Statements continued

Servicing teams and other global administration services provided by various BlackRock Group companies.

The Management Company bears the financial risk of ensuring that the Fund's ongoing charges remain competitive. Accordingly the Management Company is entitled to retain any amount of the administration fee paid to it which is in excess of the actual expenses incurred by the Company during any year whereas any costs and expenses incurred by the Company in any year which exceed the amount of administration fee that is paid to the Management Company, shall be borne by the Management Company or another BlackRock Group company.

Directors who are not employees of the BlackRock Group in return for their duties performed, received a fee of EUR 55,000 per annum, gross of taxation. The Chairman's fee is EUR 60,000 per annum, gross of taxation. Directors who are employees of the BlackRock Group are not entitled to Directors' fees.

Taxation applicable in certain jurisdictions is also charged directly to the Funds (see Note 9).

During the year the following active Funds were subject to an administration fee subsidy:

Asian Multi-Asset Growth Fund	Natural Resources Growth & Income Fund
China A-Share Opportunities Fund ⁽¹⁾	North American Equity Income Fund
European High Yield Bond Fund	Strategic Global Bond Fund
Flexible Multi-Asset Fund	World Agriculture Fund
Global Long-Horizon Equity Fund	

⁽¹⁾ Fund launched during the year, see Note 1, for further details.

The administration fees are disclosed net of subsidy in the Statement of Operations and Changes in Net Assets.

Administration fees payable at 31 August 2018 are included in the Statement of Net Assets as other liabilities.

8. Depositary Fees

Throughout the year the Depositary of the Company was the Bank of New York Mellon (International) Limited, Luxembourg Branch. The Depositary receives annual fees, based on the value of securities, which accrue daily, plus transaction fees which are further disclosed in the Prospectus. The rates for both categories of fees will vary according to the country of investment and, in some cases, according to asset class. Investments in bonds and developed equity markets will be at the lower end of these ranges, while some investments in emerging or developing markets will be at the upper end. Thus the custody cost to each Fund will depend on its asset allocation at any time.

The depositary fees are charged directly to the Funds. Depositary fees payable at 31 August 2018 are included in the Statement of Net Assets as other liabilities.

9. Tax

Luxembourg

Under present Luxembourg law and practice, the Company is not liable to any Luxembourg income or capital gains tax, nor are dividends paid by the Company subject to any Luxembourg withholding tax. However, the Company is liable to a tax in Luxembourg of 0.05% per annum or, in the case of the Reserve Funds, Class I, Class J and Class X Shares, 0.01% per annum of its NAV, payable quarterly on the basis of the value of the net assets of the respective Funds at the end of the relevant calendar quarter. No stamp or other tax is payable in Luxembourg on the issue of Shares. For the year ended 31 August 2018, USD 56,060,499 was charged in relation to Luxembourg tax.

Belgium

The Company is registered with the Belgium Financial Services and Markets Authority in accordance with Article 154 of the Law of 3 August 2012 relating to financial markets. Funds registered for public distribution in Belgium are subject to an annual tax of 0.0925% on the net asset value of units distributed in Belgium via Belgian intermediaries as at 31 December of the previous year. For the year ended 31 August 2018, USD 4,385,064 was charged in relation to Belgium tax.

United Kingdom Reporting Funds

The UK Reporting Funds regime applies to the Company. Under this regime, investors in UK Reporting Funds are subject to tax on the share of the UK Reporting Fund's income attributable to their holdings in the Fund, whether or not distributed, but any gains on disposal of their holdings are subject to capital gains tax. A list of the Funds which currently have UK Reporting Fund status is available at <https://www.gov.uk/government/publications/offshore-funds-list-of-reporting-funds>.

Other transaction taxes

Other jurisdictions may impose taxes, financial transactions taxes ("FTT") or other transaction taxes on certain assets held by the Funds (for example UK stamp duty, French FTT).

Withholding tax

Dividends and interest received by the Company on its investments may be subject to withholding taxes in the countries of origin which are generally irrecoverable as the Company itself is exempt from income tax. Recent European Union case law may, however, reduce the amount of such irrecoverable tax. Investors should inform themselves of, and when appropriate consult their professional advisers on, the possible tax consequences of subscribing for, buying, holding, redeeming, converting or selling shares under the laws of their country of citizenship, residence or domicile. Investors should note that the levels and bases of, and reliefs from, taxation can change. The potential of withholding tax charges is further described in the Prospectus.

Notes to the Financial Statements continued

10. Investment Advisers

The Management Company, BlackRock (Luxembourg) S.A., has delegated its investment management functions to the investment advisers (each an 'Investment Adviser'): BlackRock Financial Management, Inc. (US) (BFM), BlackRock Investment Management, LLC (US) (BIMLLC), BlackRock Investment Management (UK) Limited (BIMUK) and BlackRock (Singapore) Limited (BSL) as described in the Prospectus.

All Investment Advisers are appointed directly by BlackRock (Luxembourg) S.A.. All Sub-Investment Advisers are appointed by the relevant Investment Adviser. Some of which, as Investment Advisers, have in turn sub-delegated some functions to BlackRock Japan Co. Limited (BLKJap), BlackRock Asset Management North Asia Limited (BAMNA) and BlackRock Investment Management (Australia) Limited (BLKAus).

11. Transactions with Connected Persons

The ultimate holding company of the Management Company, the Principal Distributor, the Investment Advisers and the Sub-Investment Advisers is BlackRock, Inc., a company incorporated in Delaware, USA. PNC Financial Services Group Inc. is a substantial shareholder in BlackRock Inc. When arranging transactions in securities for the Company, companies in the PNC Group may have provided securities brokerage, foreign exchange, banking and other services, or

Notes to the Financial Statements continued

may have acted as principal, on their usual terms and may have benefited therefrom. Any such transactions would have been entered into in the ordinary course of business and on normal commercial terms. Commissions have been paid to brokers and agents in accordance with the relevant market practice and the benefit of any bulk or other commission discounts or cash commissions rebates provided by brokers or agents have been passed on to the Company. The services of PNC Group companies could have been used by the Investment Advisers where it was considered appropriate to do so provided that their commissions and other terms of business are generally comparable with those available from unassociated brokers and agents in the markets concerned, and this is consistent with the policy of obtaining best net results. During the year there were no transactions of the Company effected through a broker who is a connected person of the Management Company, the Investment Advisers, Sub-Investment Advisers or the Directors of the Company.

Where Funds invest in the units of other UCITS and/or other Undertakings for Collective Investment (“UCIs”) that are managed, directly or by delegation, by the Investment Manager or by any other company with which the Investment Manager is linked by common management or control, or by a substantial direct or indirect holding, no subscription or redemption fees may be charged to the Company on its investment in the units of such other UCITS and/or UCIs. The Funds will invest, where possible, in Class X Shares, which are not subject to any management fees.

During the year there have been no transactions which were outside the ordinary course of business or which were not on normal commercial terms entered into between the Company, the Management Company, the Investment Advisers, Sub-Investment Advisers, the Directors of the Company or any entity in which these parties or their connected persons have a material interest.

During the year no Director purchased shares in any of the Funds.

The securities lending agent appointed pursuant to the securities lending agreement is BlackRock Advisors (UK) Limited which is a connected party to the Company. BlackRock Advisors (UK) Limited bears all operational costs directly related to securities loan transactions.

The Funds benefit from a borrower default indemnity provided by BlackRock Inc. The indemnity allows for full replacement of securities lent. BlackRock Inc bears the cost of indemnification against borrower default.

BlackRock Investment Management (UK) Limited has appointed BlackRock (Channel Islands) Limited to carry out certain administration services.

Some of the Funds use cross investment techniques, meaning that the Funds invest into other Funds of the umbrella structure.

The combined Statement of Net Assets and the combined Statement of Operations and Changes in Net Assets have not been adjusted to remove the impact of the cross investments.

The following Funds held cross umbrella investments as at 31 August 2018, the market value of which represents 0.14% of the combined net assets.

Fund	Cross Umbrella Fund	Currency	Market Value	% of Net Assets
Asian Multi-Asset Growth Fund	BlackRock Global Funds - India Fund	USD	2,802,368	3.36
Dynamic High Income Fund ⁽¹⁾	BlackRock Global Funds - US Dollar High Yield Bond Fund	USD	74,221,148	2.83
Emerging Markets Bond Fund	BlackRock Global Funds - Emerging Markets Corporate Bond Fund	USD	54,909,400	1.68
Global Multi-Asset Income Fund	BlackRock Global Funds - US Dollar High Yield Bond Fund	USD	68,629,775	0.79

⁽¹⁾ Fund launched during the year, see Note 1, for further details.

12. Use of Commissions

Where permitted by applicable regulation (excluding, for the avoidance of doubt, any sub-funds which are in scope for MiFID II), certain BlackRock Group companies acting as investment adviser to the sub-funds may accept commissions generated when trading equities with certain brokers in certain jurisdictions. Commissions may be reallocated to purchase eligible research services. Such arrangements may benefit one sub-fund over another because research can be used for a broader range of clients than just those whose trading funded it. BlackRock Group has a Use of Commissions Policy designed to ensure only eligible services are purchased and excess commissions are reallocated to an eligible service provider where appropriate.

13. Financial Derivative Instruments

The Funds may buy and sell financial derivative instruments which is further described in the Prospectus. Please refer to the Fund’s Portfolio of Investments for financial derivative investments held as at 31 August 2018.

Underlying exposure, as disclosed in the Portfolio of Investments, has been calculated according to the guidelines issued by ESMA and represents the market value of an equivalent position in the assets underlying each financial instrument. The underlying exposure on the bond futures is calculated off the market value of the bonds rather than the cheapest to deliver security.

14. Securities Pledged or Given in Guarantee and Received in Guarantee

Securities which are pledged as collateral or given in guarantee by the Funds are disclosed in the Portfolio of Investments of the Funds. As at 31 August 2018 the value of these securities,

Notes to the Financial Statements continued

evidenced by a “†” in the Portfolio of Investments of the Fund, amounts to USD 161,053,121.

For the Global Enhanced Equity Yield Fund, the collateral on written call options is pledged under a tri-party agreement between BlackRock Investment Management (UK) Limited, Merrill Lynch International and Bank of New York Mellon (International) Limited. As at 31 August 2018 the value of the collateral, evidenced by a “^” in the Portfolio of Investments of the Fund, amounts to USD 47,137,359.

Securities which have been received in guarantee by the Funds are detailed in the table below. As at 31 August 2018 the value of these securities amounts to USD 16,927,428.

Fund	Holdings	Description	Value (USD)
Euro Bond Fund	478,000	French Republic Government Bond OAT 25/3/2023 (Zero Coupon)	537,560
Euro Short Duration Bond Fund	1,000	French Republic Government Bond OAT 0.5% 25/11/2019	1,132
Fixed Income Global Opportunities Fund	47,000	United States Treasury Bill 6/12/2018 (Zero Coupon)	46,514

Global Allocation Fund	8,400,000	United States Treasury Note/Bond 1.75% 31/12/2020	8,088,091
Global Allocation Fund	738,000	United States Treasury Note/Bond 1.75% 30/9/2022	701,297
Global Allocation Fund	983,000	United States Treasury Note/Bond 2% 31/8/2021	944,111
Global Corporate Bond Fund	596,000	United States Treasury Note/Bond 1.875% 31/10/2022	562,304
Global Government Bond Fund	4,000	United States Treasury Note/Bond 3.125% 15/8/2044	3,837

15. Cash Collateral

The Funds trade derivatives with a range of counterparties. The counterparties to the derivatives are shown in the Portfolio of Investments. The derivatives are traded with the following counterparties: ANZ, Bank of America, Barclays, BNP Paribas, BNY Mellon, Citibank, Citigroup, Commonwealth Bank of Australia, Credit Suisse, Deutsche Bank, Goldman Sachs, HSBC Bank Plc, JP Morgan, Merrill Lynch, Morgan Stanley, Nomura, RBS Plc, Societe Generale, Royal Bank of Canada, Standard Chartered Bank, State Street, Toronto Dominion and UBS. Collateral/Margin is paid or received on swap contracts, CFDs, futures contracts, options written (put and call), options purchased (put and call) and swaptions to cover any exposure by the counterparty to the Company or by the Company to the counterparty. “Due from brokers” consists of cash collateral

paid to the Portfolio’s clearing brokers and various counterparties. “Due to brokers” consists of cash collateral received from the Portfolio’s clearing brokers and various counterparties. Futures Contracts Cash forms part of Cash at Bank in the Statement of Net Assets.

The table below provides the cash collateral balances due from/ (due to) the brokers in relation to the CFDs, swap contracts and OTC Options as at 31 August 2018. Futures Contracts Cash balances relate to cash held at brokers and are in part used to satisfy margin requirements as at 31 August 2018.

16. Dividends

The Directors' current policy in relation to the payment of dividends depends on the Share Class. For Non-Distributing Share Classes the current policy is to retain and reinvest all net income. In this regard the income is retained in the NAV and reflected in the NAV per share of the relevant Class. For the Distributing Share Classes, the policy is to distribute substantially all the investment income for the period after deduction of expenses for Share Classes which distribute net or all of the investment income for the period and potentially a portion of capital before deduction of expenses for Share Classes which distribute gross. The Directors may also determine if and to what extent dividends may include distributions from both net realised and net unrealised

capital gains. Certain Funds and/or certain Share Classes (e.g. Distributing (S) Shares, Distributing (R) Shares and Distributing (Y) Shares) may make distributions from capital as well as from income and net realised and net unrealised capital gains. Where Distributing Share Classes pay dividends that include net realised capital gains or net unrealised capital gains, or, in the case of Funds which distribute income gross of expenses, dividends may include initially subscribed capital. In the event dividend income is paid from the capital of the Fund, it will result in capital erosion and may constrain further capital growth.

Where a Fund has UK Reporting Fund status and reported income exceeds distributions made then the surplus shall be treated as a deemed dividend and will be taxed as income, subject to the tax status of the investor.

For those Funds which offer distributing shares, the frequency at which the dividend payment is made is determined by the Fund type. Further information on the payment of dividends is set out in the Prospectus.

The declaration and payment of dividends and the reinvestment options available to shareholders are set out in the Prospectus.

17. Credit Facility

In April 2016, BGF entered into a credit facility with JPMorgan Chase Bank, N.A. ("JPMorgan") whereby JPMorgan, together with other syndicated lenders, made a credit facility available to the Funds. The credit facility was increased to USD 1,325 million during the year. This credit facility will be utilised by the Funds for temporary funding purposes, including, without limitation, the funding of investor redemptions. Any interest and commitment fees in relation to drawdowns from such credit facility are borne out of the net assets of the Company. Any new Funds will not automatically be subject to a credit line and will therefore be required to be added by way of a joinder process. This process includes, inter alia, any necessary due diligence being carried out by the lenders in order to approve the addition of the new Funds. During this period, such Funds will not be subject to, or able to draw down on, any credit line. Furthermore, there is no guarantee that the addition of any new Funds will be approved by the lenders, or that credit will be available to a Fund since the credit line is subject to availability (on an equitable allocation basis) between the Funds and other BlackRock funds participating in the credit agreement. As such, certain Funds may not be subject to the credit line and will not incur any fees with respect to same. As at 31 August 2018 the Funds did not have any outstanding amounts from such credit facility. The credit facility was not used during the year from 1 September 2017 to 31 August 2018.

18. Transaction Costs

In order to achieve its investment objective, a Fund will incur transactions costs in relation to trading activity on its portfolio. Disclosed in the table below are separately identifiable transaction costs incurred by each Fund for the year ended 31 August 2018. These include commission costs, settlement fees and broker fees.

⁽¹⁾ Fund launched during the year, see Note 1, for further details.

⁽²⁾ Fund name changed during the year, see Note 1, for further details.

⁽³⁾ Fund closed to subscriptions, see Note 1, for further details.

Not all transaction costs are separately identifiable. For fixed income investments, forward currency contracts and other derivative contracts, transaction costs will be included in the purchase and sales price of the investment. Whilst not separately identifiable these transaction costs will be captured within the performance of each Fund. Market impact costs are not separately identifiable and are therefore also not disclosed in the above table.

19. Sub-Underwriting Income

The Company may, with the consent of the Depositary, enter into sub-underwriting agreements. Sub-underwriting agreements allow the Company to support a rights issue, prior to investment by other subscribers, in return for a fee. During the year no Fund received income under sub-underwriting agreements.

20. Subsequent Events

Effective 4 September 2018, the FinTech Fund, the Future Of Transport Fund and the Next Generation Technology Fund denominated in USD were launched.

Effective 12 September 2018, the Global Conservative Income Fund, denominated in EUR was launched.

Effective 29 October 2018, the Global Long-Horizon Equity Fund terminated.

Effective 16 November 2018, the Market Navigator Fund, denominated in EUR was launched.

Audit report

To the Shareholders of

BlackRock Global Funds

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of BlackRock Global Funds and of each of its sub-funds (the “Fund”) as at 31 August 2018, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund’s financial statements comprise:

- the Statement of Net Assets as at 31 August 2018;
 - the Portfolio of Investments as at 31 August 2018;
 - the Three Year Summary of Net Asset Values as at 31 August 2018;
 - the Statement of Operations and Changes in Net Assets for the year then ended;
 - the Statement of Changes in Shares Outstanding for the year then ended; and
 - the notes to the financial statements, which include a summary of significant accounting policies.
-

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under those Law and standards are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants’ Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

R.C.S. Luxembourg B 65 477 - TVA LU25482518*

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;
- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

PricewaterhouseCoopers, Société coopérative

Luxembourg, 18 December 2018

Appendix II – Global Exposure and Leverage (Unaudited)

Global Exposure

In accordance with current BlackRock policy, global exposure is measured using the “Commitment Approach” or the Value at Risk (“VaR”) approach which considers the full constituents of the portfolio.

The Commitment Approach is a methodology that aggregates the underlying market or notional values of financial derivative instruments to determine the degree of global exposure of a Fund to financial derivative instruments.

Pursuant to the 2010 Law, the global exposure for a Fund under the Commitment Approach must not exceed 100% of that Fund's Net Asset Value.

Below is the list of Funds that follow the Commitment Approach:

- ▶ ASEAN Leaders Fund
- ▶ Asia Pacific Equity Income Fund
- ▶ Asian Dragon Fund
- ▶ Asian Growth Leaders Fund
- ▶ China A-Share Opportunities Fund
- ▶ China Flexible Equity Fund
- ▶ China Fund
- ▶ Continental European Flexible Fund
- ▶ Emerging Europe Fund
- ▶ Emerging Markets Equity Income Fund
- ▶ Emerging Markets Fund
- ▶ Euro Reserve Fund
- ▶ Euro-Markets Fund
- ▶ European Equity Income Fund
- ▶ European Focus Fund
- ▶ European Fund
- ▶ European Special Situations Fund
- ▶ European Value Fund
- ▶ Global Enhanced Equity Yield Fund
- ▶ Global Equity Income Fund
- ▶ Global Long-Horizon Equity Fund
- ▶ Global Opportunities Fund
- ▶ Global SmallCap Fund
- ▶ India Fund
- ▶ Japan Flexible Equity Fund
- ▶ Japan Small & MidCap Opportunities Fund
- ▶ Latin American Fund
- ▶ Natural Resources Growth & Income Fund
- ▶ New Energy Fund
- ▶ North American Equity Income Fund
- ▶ Pacific Equity Fund
- ▶ Swiss Small & MidCap Opportunities Fund
- ▶ United Kingdom Fund
- ▶ US Basic Value Fund
- ▶ US Dollar Reserve Fund
- ▶ US Flexible Equity Fund
- ▶ US Growth Fund

- ▶ World Agriculture Fund
- ▶ World Energy Fund
- ▶ World Financials Fund
- ▶ World Gold Fund
- ▶ World Healthscience Fund
- ▶ World Mining Fund
- ▶ World Real Estate Securities Fund
- ▶ World Technology Fund

Appendix II – Global Exposure and Leverage (Unaudited) continued

VaR is a statistical risk measure that estimates the potential loss from adverse market movements in an ordinary market environment.

The VaR calculations are based on an adjusted historical simulation model with a confidence level of 99%, a holding period of one day and a historical observation period of not less than one year (250 days). A VaR number is defined at a specified probability and a specified time horizon. A 99% one day VaR means that the expectation is that 99% of the time over a one day period the Fund will lose no more than this number in percentage terms. Therefore, higher VaR numbers indicate higher risk.

The VaR model used by BlackRock Risk & Quantitative Analysis (“RQA”) is an adjusted historical simulation model.

For Funds which use a relative VaR approach RQA determines a reference portfolio as the basis for the relative VaR calculation. The reference portfolio is typically the index benchmark also established as the reference point for performance data in respect of the relevant Fund. This is an index (or composite of indices) constructed by a recognised index provider(s) from relevant securities which are eligible for investment by the Funds. This process gives appropriate consideration to the availability of indices with construction rules which are themselves compliant with diversification rules.

Where a Fund is monitored using VaR, the Investment Manager will observe the regulatory limit and any internal risk limits which may be appropriate for the portfolio.

The table below details the highest, lowest and average utilisation of the VaR limit, expressed as a percentage of the respective absolute or relative VaR regulatory limit. For relative VaR, the VaR of the respective Fund’s portfolio will not exceed twice the VaR of the reference portfolio. Utilisation refers to the level of risk taken in this context.

Fund	Market Risk Approach	Reference Portfolio	Highest utilisation of the VaR limit %	Lowest utilisation of the VaR limit %	Average utilisation of the VaR limit %

Appendix II – Global Exposure and Leverage (Unaudited) continued

Leverage

The use of derivatives may expose Funds to a higher degree of risk. In particular, derivative contracts can be highly volatile, and the amount of initial margin is generally small relative to the size of the contract so that transactions may be leveraged in terms of market exposure. A relatively small market movement may have a potentially larger impact on derivatives than on standard bonds or equities. Leveraged derivative positions can therefore increase Funds volatility.

The leverage is calculated on a gross exposure basis, by taking the sum of the notional values of the derivatives used by the Fund, without netting, and is expressed as a percentage of the net asset value.

Disclosed in the table below is the level of leverage employed during the year.

Fund	Average Leverage employed during the year
Asian High Yield Bond Fund ⁽¹⁾	19%
Asian Multi-Asset Growth Fund	61%
Asian Tiger Bond Fund	54%
China Bond Fund ⁽²⁾	84%
Dynamic High Income Fund ⁽¹⁾	57%

⁽²⁾ Fund name changed during the year, see Note 1, for further details.

Appendix III – Eligibility for French “Plan d’Epargne en Actions” (“PEA”) (Unaudited)

A PEA is a French equity savings plan intended to encourage French tax resident individuals to invest in European equities. PEA eligible funds must invest on a permanent basis at least 75% of their assets in PEA eligible securities issued by companies (i) established in a Member State of the European Union or in Iceland, Liechtenstein or Norway and (ii) subject to corporate income tax, or an equivalent tax.

Throughout the year 1 September 2017 to 31 August 2018, the Funds listed below invested more than 75% of their total net assets in PEA eligible securities.

As at 31 August 2018, the below Funds had the following percentage of their total net assets invested in eligible PEA securities:

Fund	% Invested in PEA eligible securities
Euro-Markets Fund	94.50
European Focus Fund	82.32
European Fund	83.61
European Special Situations Fund	82.14
European Value Fund	87.86

The PEA eligibility of these Funds results from, to the best knowledge of the Company, tax law and practices in force in France as at 31 August 2018. Such tax law and practices may change from time to time and, therefore, the Funds which may currently be held within the framework of a PEA could lose their PEA eligibility. Further the Funds could lose their PEA eligibility due to changes impacting their investment universe or benchmark index. In such circumstances, investors will be informed by the publication of a notice on the website of the Company. In such a case, the investors should seek professional tax and financial advice.

Appendix IV – Supplementary Information (Unaudited)

Efficient Portfolio Management Techniques

The Company may, on behalf of certain Funds and subject to the conditions and within the limits laid down by the CSSF and the Prospectus, employ techniques and instruments relating to transferable securities, including investments in OTC Financial Derivative Instruments (“FDIs”) provided that such techniques and instruments are used for efficient portfolio management purposes or to provide protection against exchange risk, where applicable.

In addition to the investments in FDIs, the Company may employ other techniques and instruments relating to transferable securities and money market instruments, subject to the conditions set out in the relevant CSSF Circular, as amended from time to time, and the relevant ESMA Guidelines, such as repurchase / reverse repurchase transactions, (“repo transactions”) and securities lending.

Securities Lending and Total Return Swaps (“TRS”) (including CFDs)

All securities lending transactions entered into by the Funds are subject to a written legal agreement between the Funds and the Securities Lending Agent, BlackRock Advisors (UK) Limited, a related party to the Company, and separately between the Securities Lending Agent and the approved borrowing counterparty. Collateral received in exchange for securities lent is transferred under a title transfer arrangement and is delivered to and held in an account with a tri-party collateral manager in the name of the Depository, The Bank of New York Mellon (International) Limited, Luxembourg Branch, on behalf of the Funds. Collateral received is segregated from the assets belonging to the Funds’ Depository or the Lending Agent.

All TRS (including CFDs) are entered into by the Funds under an International Swaps and Derivatives Associations, Inc. Master Agreement (“ISDA Master Agreement”) or similar agreement. An ISDA Master Agreement is a bilateral agreement between the Funds and a counterparty that governs OTC FDIs (including TRS and CFDs) entered into by the parties. The parties’ exposures under the ISDA Master Agreement are netted and collateralised together, therefore any collateral disclosures provided are in respect of all OTC FDIs entered into by the Funds under the ISDA Master Agreement, not just TRS and CFDs. All collateral received/posted by the Funds under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

The following table details the value of securities on loan as a proportion of the Funds’ total lendable assets and NAV and the value of TRS (including CFDs) as a proportion of the Funds’ NAV as at 31 August 2018 and the income/returns earned for the year ended 31 August 2018.

Total lendable assets represents the aggregate value of assets forming part of the Funds’ securities lending programme. This excludes any assets held by the Funds that are not considered lendable due to any market, regulatory, investment or other restriction. The value of TRS (including CFDs) is based on the underlying exposure value on a gross absolute basis.

⁽³⁾ Fund closed to subscriptions, see Note 1, for further details.

Income earned during the year, by the Funds from securities lending transactions is disclosed in the Funds' Statement of Operations and Changes in Net Assets.

The total income earned from securities lending transactions is split between the relevant Fund and the Securities Lending Agent. The Funds receive at least 62.5% while Securities Lending Agent receives up to 37.5% of such income with all operational costs borne out of the Securities Lending Agent's share. All returns and costs from TRS (including CFDs) will accrue to the Funds and are not subject to any returns or costs sharing arrangements with the Fund's Management Company or any other third parties.

Appendix IV – Supplementary Information (Unaudited) continued

The following table details the value of securities on loan (individually identified in the relevant Funds' Portfolio of Investments) and associated collateral received and the underlying exposure value on a gross absolute basis for TRS (including CFDs), analysed by counterparty as at 31 August 2018.

The above maturity tenor analysis has been based on the respective transaction contractual maturity date. All securities on loan have an open maturity tenor as they are callable or terminate on a daily basis.

Collateral

The Funds engage in activities which may require collateral to be provided to a counterparty (“collateral posted”) or may hold collateral received (“collateral received”) from a counterparty.

The following table provides an analysis by currency of the cash and underlying non-cash collateral received/posted by way of title transfer collateral arrangement by the Funds, in respect of securities lending transactions and OTC FDIs (including TRS and CFDs), as at 31 August 2018.

Currency	Cash collateral received	Cash collateral posted	Non-cash collateral received	Non-cash collateral posted

As at 31 August 2018, all cash collateral received by the Funds was re-invested in money market funds managed by the Management Company or its affiliates, as disclosed in the Fund's Portfolio of Investments. The Funds are the legal owner of inbound collateral and can sell the assets and withhold the cash in the case of default. All cash received or posted as collateral has an open maturity tenor as it's not subject to a contractual maturity date.

Non-cash collateral received by way of title transfer collateral arrangement in relation to securities lending transactions and OTC FDIs, cannot be sold, re-invested or pledged.

The returns earned by the Funds from the reinvestment of cash collateral in money market funds during the year ended 31 August 2018 are summarised below. These returns represent the accumulative total return of the representative money market fund for the year ended 31 August 2018. These returns do not take into account any interest payable to the counterparty under the relevant collateral arrangements.

Money Market Fund	Total Return %
Institutional Cash Series plc	
- Institutional US Dollar Liquidity Fund	1.62%

Appendix IV – Supplementary Information (Unaudited) continued

The following table provides an analysis of the type, quality and maturity tenor of non-cash collateral received and posted by the Funds by way of title transfer collateral arrangement in respect of securities lending transactions and OTC FDIs (including TRS and CFDs), as at 31 August 2018.

Collateral type and quality	Maturity Tenor						Open transactions	Total

Appendix IV – Supplementary Information (Unaudited) continued

Investment grade securities are those issued by an entity with a minimum investment grade credit rating from at least one globally recognised credit rating agency; Standard & Poor's, Moody's or Fitch.

A recognised equity index contains at least 20 equities where no single equity represents more than 20% of the total index and no five equities combined represent more than 60% of the total index.

The maturity tenor analysis for fixed income securities received or posted as collateral is based on the respective contractual maturity date, while for equity securities and ETFs received or posted as collateral are presented as open transactions as they are not subject to a contractual maturity date.

As at 31 August 2018, all non-cash collateral received by the Funds in respect of securities lending transactions and OTC FDIs (including TRS and CFDs) is held by the Fund's Depository (or through its delegates), with the exception of the amounts disclosed in the following table which are held through a securities settlement system.

	Non-cash collateral received
Depository	Securities lending
Asian High Yield Bond Fund (in USD)⁽¹⁾	
Euroclear Bank SA/NV	612,223
